4. BUDGET PRESENTATION

Matthew Vetere provided an update on the 2020 Capital Budget.

Capital Budget Item No. 20036 - Honda Blvd. Extension to 19th Avenue is being deleted from the Capital Budget, as there is a delay in the completion of the Highway 404 Collector Roads Environmental Assessment.

Both the outstanding Capital Budget Items, and a new Capital Budget Item will be brought forward to the November 19, 2019 Budget Committee meeting.

2020 Operating Budget

Matthew Vetere presented the proposed 2020 Operating Budget.

Staff provided the following feedback to Committee inquiries on the proposed 2020 Operating Budget:

- The ramp-up includes the second fire crew for the Cornell Fire Station, noting Council approval is required prior to the funds being spent;
- A Markham Centre Fire Prevention Officer is required due to growth to maintain the City's fire prevention program;
- A Fire Training Officer is required due to growth, and to provide technical rescue training;
- The Project Manager for the Parks and Open Space position will be responsible for the project management of parks projects. The position will report to the Manager of Parks and Open Space;
- Commuter behavior was anticipated to change overtime - more people were anticipated to take transit, and cycle to work.

Staff were directed to reduce the tax rate increase from 2.20% to 2% to not exceed the anticipated rate of inflation for 2020.

Staff advised that a 2.20% tax rate increase will be presented at the Budget Public Consultation meeting, but that they will look for ways to reduce the tax rate increase to 2.0%.

Joel Lustig, Treasurer presented the next steps.

Staff advised that the 2020 Budget will go directly to Council after the Budget Public Consultation Meeting, unless there is significant feedback from the public on the Budget.
