I oppose this project because when I moved to German Mills I wanted to live in a peaceful neighbourhood near a green space.

The ravine has been our connection to nature for my family and especially my daughters. It has been our refuge during pandemic. We don't want changes. We don't want strangers. We want the park only for us, residents.

The park and meadow provide food, shelter, and nesting sites for wildlife. We have had the opportunity to see deers, coyotes, muskrats, owls and a variety of birds.

We have to protect our park and meadow for many reasons, including climate change, air quality, and human health.

This project means the destruction of the wildlife habitat, noise from tourists, noise of years of construction.

In conclusion, I oppose this project because it will cause an irreparable damage to my community.
