

**REVISED Attachment 4  
to York Region March 7, 2019  
Report "Proposed Employment  
Area Conversion Criteria"**

**Proposed Employment Area Conversion Criteria**

Employment Area conversion requests will be assessed using criteria. The provincial Growth Plan employment area conversion criteria have been incorporated into the Region's proposed criteria as listed below. Table 1 provides more detailed information of each criteria and their importance in being considered when evaluating a conversion request.

The conversion of lands within employment areas to non-employment uses may be permitted only through a Municipal Comprehensive Review where it is demonstrated that:

**Growth Plan Criteria**

1. The lands are not required over the horizon of the Growth Plan for the employment purposes for which they are designated (Growth Plan 2.2.5.9 b).
2. The Region and local municipality will maintain sufficient employment lands to accommodate forecasted employment growth, including sufficient employment land employment growth, to the horizon of the Growth Plan (modified Growth Plan 2.2.5.9.c).
3. Non-employment uses would not adversely affect the overall viability of the employment area or the achievement of the minimum intensification and density targets and other policies in the Growth Plan (modified Growth Plan 2.2.5.9 d).
4. There are existing or planned infrastructure and public service facilities to accommodate the non-employment uses (e.g. sewage, water, energy, transportation) (modified Growth Plan 2.2.5.9 e).
5. There is a need for the conversion (Growth Plan 2.2.5.9 a).

**York Region Criteria**

6. The following employment areas will not be considered for conversion as they have not yet had the opportunity to develop due to servicing constraints or have recently been brought into the urban boundary to accommodate employment land employment growth to 2031: Keswick Business Park, Queensville, Highway 404 (ROPA 1), ROPA 3, and Highway 400 North (ROPA 52).
7. The conversion will not be considered if the entire perimeter of the site is surrounded by lands designated for employment uses.

## **Appendix 'C': York Region Employment Conversion Criteria**

8. Conversion of the site would not compromise the Region's and/or local municipality's supply of large sized employment area sites (i.e. 10 ha or greater) which allow for a range uses including but not limited to land extensive uses such as manufacturing, warehousing, distribution and logistics.
9. The conversion will not destabilize or adversely affect current or future viability and/or identity of the employment area with regards to:
  - a) Hindering the operation or expansion of existing or future businesses
  - b) Maintaining lands abutting or in proximity to the conversion site for employment purposes over the long term
  - c) Attracting a broad range of employment opportunities and maintaining clusters of business and economic activities
  - d) Providing appropriate buffering of employment uses from non-employment uses.
10. The conversion to a non-employment use is compatible with the surrounding uses such as existing employment uses, residential or other sensitive land uses and will mitigate existing and/or potential land use conflicts.
11. The site offers limited development potential for employment land uses due to factors including size, configuration, access and physical conditions.
12. The proposed site is not adjacent to 400-series highways, or is not located in proximity to existing or planned highways and interchanges, intermodal facilities, airports and does not have access to rail corridors
13. The proposed conversion to a non-employment use does not compromise any other planning policy objectives of the Region or local municipality.
14. Cross-jurisdictional issues have been addressed.
