Dear Madams

Please be reminded that the individuals residents and the rate payers' group mentioned here under have spoken in the first public meeting about non-receipt of notice of public meeting and demanded the importance of convening the second public meeting.

Following to that we have persuaded the matter with the local councillor in the recent community information meeting, he has asked us to make a request with other council members. Therefore, we hereby request all council members to call for a second statutory public meeting at their earlier convenience before they get down to any business with respect to this application for zoning change.

Thanking you for your anticipated co-operation in this regard so that voices and concerns of the residents can be well - heard with transparent and accountable approaches in order to honor Planning Act effectively, communicatively and conscientiously.

With Regards,

Mohammed Rahman
