Dear Mayor Scarpitti and members of council,

I would like to let be known that I support the city's proposal to install two bubbles at the Markham Tennis Club with the intention to provide an additional indoor tennis facility to its residents. Please continue to invest in providing more indoor facilities to play this amazing sport for all ages. We need more indoor courts! This is long overdue and the announcement made this morning is welcome news to the very active tennis community in Markham.

Kind regards,
Yves Struyven
