STATEMENT OF SIGNIFICANCE

Thomas Lownsbrough House
9392 Kennedy Road
c.1845

The Thomas Lownsbrough House is recommended for designation under Part IV of the Ontario Heritage Act as a property of cultural heritage value or interest, as described in the following Statement of Significance.

Description of Property
The Thomas Lownsbrough House is a one and a half storey frame house located on the west side of Kennedy Road, an area under urban development, a short distance north of 16th Avenue. The house faces east and is on its original site.

Historical or Associative Value
The Thomas Lownsbrough House is of historical or associative value as the c.1845 home of Thomas Lownsbrough, an English-born shoemaker who was part of the Hunter’s Corners community north of Unionville while a tenant of John Hunter, and later his daughter, Ada Naomi Hunter, from c.1845 to 1891. In 1892, Miss Hunter sold the property to Reverend Henry B. Owen, Rector of St. Philip’s Anglican Church, next door to the north. The Reverend Owen served the church from 1891 until his death in 1899.

Design or Physical Value
The Thomas Lownsbrough House is of design or physical value as a representative example of a tradesman’s dwelling in a vernacular version of the Gothic Revival style commonly referred to as a Classic Ontario centre gable cottage. It is also a representative example of an evolved building, which started as a modestly-scaled one storey vernacular tradesman’s dwelling in the mid-19th century that was later raised to one and a half storeys, perhaps in the 1870s.

Contextual Value
The Thomas Lownsbrough House is of contextual value as one of a few cultural heritage features remaining from the historic community of Hunter’s Corners.

Significant Architectural Attributes
Exterior character-defining attributes that embody the cultural heritage value of the Thomas Lownsbrough House include:
- Overall form of the one and a half storey, rectangular plan main block;
- Fieldstone foundation;
- Historic cladding, if present, under modern siding materials;
- Medium-pitched gable roof with projecting, open eaves, and steep centre gable on the front wall;
- Asymmetrical placement of the front door and window openings;
- Size and placement of existing door and window openings;
- Former window opening in front gable, currently covered by modern siding materials.
