BACKGROUND:

As per Element 20 of the DWQMS, under the Safe Drinking Water Act (SDWA), 2002, Top Management of the Operating Authority is required to report the results of the Management Review to the Owner on an annual basis. OPTIONS/ DISCUSSION:

An annual management review is required by the DWQMS. Top Management uses this management review as an opportunity to assess the QMS. The review focuses on a set of specific components identified in the DWQMS. This review process helps identify opportunities for continuous improvement of the QMS. Top Management met on October

1, 2020 to review system performance for the time period of January 1 to June 30, 2020, and to confirm the adequacy, suitability and effectiveness of the QMS.
