Re: Item 7.1 City of Markham Coyote Response Presentation

Email from: Valerie Burke

Dated: May 26, 2021

To the Members of General Committee

Re: Agenda Item 7.1 City of Markham Coyote Response Presentation

The Animal Care Committee supports staff's recommendations and action plan to help residents co-exist peacefully with coyotes. The City's zero tolerance approach to the feeding of wildlife, increasing public education and the monitoring of coyotes are excellent strategies. We are proud of Markham's Animal Services staff and their efforts to help residents be good stewards of nature and biodiversity.

Sincerely,

Valerie Burke,
Vice Chair, Animal Care Committee
