To the Members of Development Committee

Re: Item 10.1 - Motion re Proposed GTA West Corridor Highway 413

Please support the motion regarding the proposed GTA West Highway 413!

Taxpayers deserve better value for their tax dollars rather than spending billions of dollars building redundant highway infrastructure that facilitates more urban sprawl, augments threats from climate change and zoonotic diseases, jeopardizes our food security and destroys our natural heritage.

We don't need another highway! We need investment in public transportation, food security and mitigation of climate change. Please be caretakers of the land.

Sincerely,

Valerie Burke
Thornhill Resident
