

Report to: General Committee

Meeting Date: May 23, 2023

SUBJECT: Cancellation, Reduction, or Refund of Taxes under Sections 357 and 358 of the *Municipal Act, 2001*

PREPARED BY: Shane Manson, Senior Manager, Revenue & Property Tax

RECOMMENDATION:

1. That the Report for the Cancellation, Reduction or Refund of Taxes under Sections 357 and 358 of the *Municipal Act, 2001* be received; and,
2. That taxes totalling approximately \$175,191 (incl. \$2,556 of Stormwater Fees) be adjusted under Section 357 and 358 of the *Municipal Act, 2001* of which the City's tax portion is estimated to be \$34,259; and,
3. That the associated interest be cancelled in proportion to the tax adjustments; and,
4. That the Treasurer be directed to adjust the Collector's Roll accordingly; and,
5. That staff be authorized and directed to do all things necessary to give effect to this resolution.

PURPOSE:

The purpose of this report is to authorize the Treasurer to adjust the Collector's Roll under Section 357 and 358 of the *Municipal Act, 2001* (*The Act*).

BACKGROUND:

Sections 357 and 358 of *The Act* allows for the reduction, cancellation or refund of taxes. Section 357 subsection (1) states that: upon application to the Treasurer of a local municipality, the local municipality may cancel, reduce or refund all or part of taxes levied on land in the year in respect of which the application is made if:

- a. if a property or portion of a property is eligible to be reclassified in a different class of property, and that class has a lower tax ratio for the taxation year than the class the property or portion of the property was in before the change, and if no supplementary assessment is made in respect of the change under subsection 34(2) of the *Assessment Act*;
- b. property that has become vacant land or excess land during the year;
- c. property that has become exempt from taxation during the year;
- d. building that during the year was razed by fire, demolition or otherwise, or was damaged by fire, demolition or otherwise so as to render it substantially unusable for the purposes for which it was used immediately prior to the damage;
- d.1. person who was unable to pay taxes because of sickness or extreme poverty;
- e. mobile unit that was removed from the land during the year;

-
- f. property overcharged by reason of any gross or manifest error that is a clerical error, the transposition of figures, a typographical error or similar type of error, but not an error in judgment in making the assessment upon which the taxes have been levied; or
 - g. in respect of a property which by reason of repairs or renovations could not be used for its normal use for a period of at least three months during the year.

Pursuant to Section 357 subsection (3), an application must be filed with the Treasurer on or before the last day of February of the year following the year in respect of which the application is made.

Pursuant to Section 358 subsection (3), an application must be filed with the Treasurer between March 1 and December 31 of a year and may apply to taxes levied for one or both of the two years preceding the year in which the application is made and the application shall indicate to which year or years it applies. This section permits applications for tax adjustment, related to taxes levied in each or either of the two years preceding the year in which the application is made, by owners who are overcharged by reason of any gross or manifest error in the preparation of the assessment roll by the Municipal Property Assessment Corporation (MPAC) that was factual in nature. This may include, but is not limited to; clerical errors, the transposition of figure or typographical errors, but not an error in judgment in making the assessment upon which the taxes have been levied.

OPTIONS/ DISCUSSION:

In accordance with *The Act*, the notices of hearing for the properties listed in Appendix B, were mailed to the applicants fourteen days before the date of which the applications are heard. The notices for these properties were mailed to applicants on May 9, 2023.

The schedules attached identify the associated year of taxation, the assessment roll number of each property, the reason for the tax appeal, the resulting tax adjustment along with the proportionate share for the City, Region, and School Board. There are four (4) primary reasons for a property tax appeal application to be filed:

1. Razed by Fire / Demolition / Unusable: representing properties that have experience a structural fire, structural demolition or Unusable. All such applications include a copy of the applicable permit and associated documentation.
2. Became Exempt: representing properties that were assessed on the assessment roll as taxable, but became exempt from taxation during the year;
3. Gross or Manifest Error: representing properties that require the property assessment to be amended due to errors identified in the overall valuation of the property.
4. Change in Tax Class: representing properties that were assessed on the assessment roll as one tax class, but became eligible to be reclassified into a different property during the year.

Applications received by the City are sent to MPAC for review and are returned with either a recommendation for tax adjustment or with no recommendation; which results in no associated tax adjustment. Applications that receive this type of recommendation indicate

that the tax appeal does not meet the specified criteria under *The Act*. These applications have been reviewed and it was determined that they are not eligible for relief.

Of the 31 properties receiving tax adjustments totalling \$172,635 (excl. Stormwater Fee), 76.5% or \$132,086 is attributable to 10 properties described below.
