Extracts:

R. Hutcheson, Manager, Heritage Planning

Regan Hutcheson, Manager, Heritage, introduced this item which was related to the proposed demolition of eight properties within the Rouge National Urban Park which was originally discussed at the July Heritage Markham Committee meeting. Mr. Hutcheson reminded the Committee that the outcome of the July meeting was for this item to proceed to the Architectural Review Sub-Committee for further discussion. Mr. Hutcheson advised that Staff from Parks Canada attended the Sub-Committee meeting and provided background on their strategy pertaining to the conservation and maintenance of heritage buildings within the Park. Mr. Hutcheson reminded the Committee that Parks Canada is reviewing the eight properties proposed for demolition with Heritage Markham and the City to solicit recommendations but noted that it was doing so as a courtesy as the federal government isn't bound by municipal or provincial policies and procedures.

Graham Seaman, Director, Sustainability & Asset Management, provided further details on the meeting with Parks Canada staff, providing an overview of key outcomes. Mr. Seaman advised that the Architectural Review Sub-Committee asked Parks Canada for their overall strategy with respect to all heritage structures under their ownership, asked Parks Canada to be open to a third-party review of the structural assessments prepared by WSP for the properties proposed for

demolition, and for Parks Canada to provide increased incentives such as longer lease periods in an effort to find interested parties for investment.

Barry Nelson, Deputant, expressed that concern that he along with other member of community with heritage experience were excluded from the Architectural Review Sub-Committee and encouraged Committee members to conduct site visits to better understand the physical condition of the properties proposed for demolition.

The Committee explained that Heritage Markham Committee Terms of Reference currently stipulate that Sub-Committees may only be comprised of current Heritage Markham Committee members. The Committee asked for clarification on the timeline for the proposed demolitions and how the recommendations of the Committee fit within this timeline. Mr. Seaman advised that Parks Canada has agreed to wait until the end of 2023 before moving forward with any potential demolitions.

Recommendations:

THAT Heritage Markham receive the notes from the Architectural Review Sub-Committee held on August 2, 2023 as information;

AND THAT the deputation from Barry Nelson be received.

Carried

THAT the Heritage Markham Committee endorses a site visit by members of the Architectural Review Sub-Committee to view the eight buildings being considered for demolition;

AND THAT the Heritage Markham Committee endorses the concept of a peer review by a structural engineer with heritage expertise to determine the status of the eight buildings and the scope of work and costs involved to address the structural concerns;

AND THAT the results of the site visit be reviewed at the September Heritage Markham Committee meeting;

AND THAT the Heritage Markham Committee conclude its review process by the end of the year;

AND FURTHER THAT Parks Canada be invited to present their strategy and conservation plans with respect to heritage buildings at a future Heritage Markham Committee meeting.
