PURPOSE:

The purpose of this report is to obtain approval to cancel the contract and Purchase Order (PB 23037) with Library Service Centre due to pending company closure and issue new Purchase Orders for the urgent library material to Library Bound Inc. and Whitehots Inc.

BACKGROUND:

In 2019, the City awarded a 5-year (2020 – 2024) contract to Library Services Centre for English and French Material, Multilingual Material, Customer Centered Classification.

In September 2023, the City of Markham was put on notice due to financial difficulties that Library Services Centre will be winding down their company and selling its assets on October 20, 2023. Due to this pending closure, the Library are still in need of urgent materials until the end of 2023. It should be noted; the City has not expended any funds to Library Services Centre without receiving materials in-return.

Since this is a niche market (Only 2 bids received in previous RFP), the City reached out to two (2) vendors in this field. Whitehots Inc. are able to support the City in the interim to provide the library materials required until the end of 2023 as they can perform all services, including cataloguing and processing. Unfortunately, while Library Bound Inc. is able to provide materials, they can only do so unprocessed as they have to scale up for the large amount of new business they have recently taken on and will only be ready to take on processing shelf ready materials in Q1 of 2024.

Since Whitehots Inc. do not do audiovisual materials, Library Bound Inc. have agreed to provide unprocessed audiovisual materials to the City during this period.

The plan moving forward is to issue a new RFP for Library Material and Processing Service to the market in October 2023 for 2024 and future year requirements.
