1. Markville Secondary Plan Petition & Signatures

Dear Markham City Mayor, Councillors and Staff,

We are writing this petition letter on behalf of the Markville Community Association, Markham Community Connect Association, South Unionville Resident Forum and Unionville Community Association.

We would like to bring to your attention the concerns raised by our respective communities regarding the proposed Markville Secondary Plan (MSP). Attached to this email, we are sending the petition letter along with the signatures of concerned residents. We acknowledge the decision-making process that Markham City Council has regarding the proposed MSP, as it is influenced by provincial policies and population increase. However, we believe that the concerns raised collectively by the local communities should be addressed.

Here we kindly request your attention and action on the following:

1. Arrange More Community Information Meetings:

This will ensure that all residents have the opportunity to understand the proposed MSP thoroughly and to provide their vision on this.

2. Address Issues Raised in the Petition Letter:

We request revision to the current MSP with the feedback from the local communities to ensure sustainable development of the Markville area and the well-being of current and future Markville residents.

We believe that community engagement and transparent communication are fundamental in drafting the secondary plan. By arranging more community information meetings, sharing updates with our associations, and addressing the concerns expressed in the petition letter, Markham City can truly achieve a successful Markville Secondary Plan reflecting the needs and aspirations of all Markham residents.

Thank you for your attention to these matters, and we look forward to your response.  
Sincerely,

Markville Community Association  
Markham Community Connect Association  
South Unionville Resident Forum  
Unionville Community Association
