Information Regarding Heritage Markham Committee

- In 1975, the newly proclaimed Ontario Heritage Act encouraged municipalities to create local heritage advisory committees to assist in the conservation of the province's heritage resources.
- In Markham, a Local Architectural conservation Advisory Committee (LACAC) was formed by Council on October 28, 1975.
- The first meeting of the Committee was held on November 17, 1975 at the municipal offices in Buttonville. The Committee consisted of six members of the community and an observer from the Society of the Preservation of Historic Thornhill (SPOHT).

- One of first actions of the new committee was to recommend that Council support the placing of plaques on buildings of significant heritage merit.
- By January 1976, six additional members were appointed to address the daunting amount of work including Inventory, Designation, Inspection and Negotiations.
