Victoria Square Community Centre
2929 Elgin Mills Rd E
Markham, ON L6C 0H7

Context:

“An additional major community centre serving the northern portion of West Markham (also known as the Future Urban Area) – which is intended to accommodate approximately 45,000 residents and 16,000 to 18,000 jobs – should be a priority. The Angus Glen Community Centre & Library is located on the southern boundary of the Future Urban Area; however, as one of the City’s busiest community centres, Angus Glen does not have capacity to fully serve an additional 45,000 residents at the full build-out of North Markham Future Urban Area. The identification of a site and land acquisition (if necessary) for an additional Community Centre in the northern part of West Markham should be made a priority well in advance of construction. There may be potential to develop a facility on lands shared with future schools, or to leverage sites already in City-ownership. For example, the Victoria Square Community Centre is an older facility on Elgin Mills Road East. As a small satellite facility ~~run by a Community Centre Board~~, the centre is not able to meet current or growing community needs. However, Victoria Square has the potential to accommodate greater usage Page 71 City of Markham – 2019 Integrated Leisure Master Plan Update if it was rebuilt as a major community centre with additional components, multi-use spaces and partners (e.g., Region). Additional study should be undertaken to confirm the viability of this or alternate sites to serve the northern part of West Markham.”

- Quoted from “City of Markham – 2019 Integrated Leisure Master Plan Update”
