Subject: 5305 5307 Highway 7 Development

To whom it may concern.

I am writing to you in regards to the new proposed development plan. I am strongly against this new build for the reason that this area is already congested as is and with this new build it will only get worse. Is there any urban planning at all with these developers? There's plenty of land outside the city why do they feel the need to squeeze these in already jam packed communities? This is pure greed and are only in it for the money not even thinking about families that already live in the neighborhood and how it will impact their everyday lives. So again I'm voicing not only mine but others who are against this build. Please leave these neighborhoods alone.

Thank you for taking the time to read my email and I hope you make the right decision. Feel free to email me back if you would like to speak further.
