**Subject:** BARTER STREET EXTENSION TO 14THE AVE.

***We should all support the proposal to connect Barter street to 14th Ave. as this will reduce the on-going vehicle rush and speedy traffic on Riverwalk Dr. endangering our peace with possible accidents particularly to our kids who can not cross the road easily. It is also suggested that speed limit on Riverwalk Dr. may be reduced from 50 to 30 mph. A full traffic signal may installed on the intersection of 9th line and 14th Ave. to overcome traffic rush due to 'stop and go' signal. Thanks.***
