Hi Kitty

Thanks for the notice. I'd like to go on record that myself and Jacquie are in support of site plan control, as I won't be able to attend the public meeting this week.

I'm also frustrated to hear of people who had supported severance going around the neighbourhood stating they were not aware of this when they were at the very meeting when it was brought forward by council. They were sitting directly across and now complain they didn't know. Now they are trying to drum up support by stating how it will erode property value. Time for Markham council to start supporting home owners, not only commercial interests.

My hope is that council will follow through with what it committed to the evening they voted to change the bylaw for this neighbourhood. It is the only remaining mechanism Markham has left to protect the character of a very pleasant community with old growth that deserves protection. This is the only meaningful protection left for those who have already built homes in compliance with Markham's guidance. Without it their values are most certainly eroded. Without it those who wish to maintain modest homes well maintained homes original to the neighbourhood and the originators of this long standing character will find themselves overshadowed.

Regards

Michael & Jacquie Baranowsky

Hi Kitty

I am the owner of 43 Hughson drive. I would like to go on record, that i support of site plan control.

i also will not be able to attend the public meeting, but for the record I second and support the content of Mr. Michel Barnaowsky's letter to you via email.

and you can use that as my feelings and opinion towards the site plane control.

i also would appreciate it if you could forward this email to the counselors and to the committee.

Thanks

SAM JOURI

Hi Kitty,

Thank you for the notice. Unfortunately, I wasn't able to attend. However, I am in full support of the proposed site plan control.
