Hi Bernard,

Thank you for your note. I'm forwarding it to the Clerk for inclusion as part of the official record.

Regards,  
Howard

This note is to the Minister of Environment and Markham Councillors urging them to include Milne Conservation as part of the plans for the upcoming creation of the Rouge National Park. I can't really understand what led to stalling of the process as Markham Council themselves have unanimously passed a resolution to have staff further pursue plans for the inclusion.

I see only upside and no downside for the inclusion with a budget that neither the Toronto Regional Conservation Authority or the Town of Markham could ever afford. The preservation of this unique area for future generations should be a priority, considering the neglect it had taken over the last few years.

I understand that Ward 4 Councillor Carolina Moretti is putting forth a resolution tomorrow evening and we will be in attendance to see it's outcome. Thank you!
