	Ext. 4713 Brian Lee, Director of Engineering, Ext. 4838 Jonathan Tate, Senior Business Analyst, Finance Department, Ext. 2432
	Ext. 2432

#### **RECOMMENDATION:**

- 1. That the Report titled "Development Fee and Building Fee By-laws Update (2018)", dated November 19, 2018 be received, and
- 2. That the proposed amendments be referred to the Development Services Committee Public Meeting to be held on December 11, 2018, and
- 3. That Staff be authorized and directed to do all things necessary to give effect to this resolution.

#### **PURPOSE:**

The purpose of this report is to explain proposed changes to fees in 2019 that are applied to offset the projected costs associated with staff review, inspections and processing of applications for Building, Engineering and Planning and Urban Design Departments. The proposed fees will be enacted through amendments to the <u>Development Fee By-law 211-83</u> and to <u>Building By-law 2017-150</u>, as amended. These by-laws set fees to be paid by applicants for building permits and for development applications requiring planning, urban design and engineering review and approval, and for building permits and their associated services. These by- laws are reviewed and updated annually.

The recommended increase in fees included in the Building By-law for 2019 is 5% for fixed fee categories. Within the Development Fee By-law, the recommended fee increase for Planning and Urban Design is 17.5% and for Engineering is 17.5%. This report seeks authorization to refer the proposed amendments to a Development Services Committee Public Meeting to be held on December 11, 2018.

#### **BACKGROUND:**

The Development Fee By-law and the Building By-law are reviewed each year to recover the anticipated reasonable costs associated with the administration of *Planning Act* applications, the associated technical review and on-site inspection, and building permits and building code inspection and enforcement under the *Building Code Act*. The annual adjustments fall into one or more of the following categories:

- overall adjustments driven by indirect and direct costs
- increases to provide opportunities to balance reserve accounts;
- refinements to existing fees to better reflect actual and anticipated costs of providing the related services; and
- new fees to capture new or previously underfunded services.

A fee model was established in 2005 in order to calculate the annual adjustments necessary to ensure the City's Building, Engineering and Planning and Urban Design Departments remain adequately funded by building permit fees and development fees, respectively. The model is designed to cover direct and indirect costs. In addition, transfers to a reserve for Building and a combined reserve for Planning and Urban Design and Engineering (Development Reserve) are included, as well as annual capital costs.

#### **OPTIONS/ DISCUSSION:**

#### **Reserve Forecast:**

As part of the report approved at Development Services Committee October 30, 2017, Staff prepared an analysis, projecting the reserve balances for the next 4-years for both the Building Reserve and Development Reserve. Based on that analysis, Council approved a 5% increase for Building fees, a 19% increase for Planning and Urban Design fees and a 19% increase for Engineering fees for 2018. The 2017 report also identified forecast fee adjustments through 2020.

Staff recommends that the proposed increase for Building remain at 5% for the years 2019-2021. However, for Planning and Engineering, Staff are recommending an increase of 17.5% for 2019 and then 15% from 2020 to 2021. This is due to additional staffing to address increased application volume related to ePlan as well as for credit card expenses associated with the implementation of ePlan for Planning and Engineering.

The following two tables have been updated based on the projected unit counts and outline the following:

- 2018 year end projection
- Revenues based on projected residential permits
- Expenses
- Projected year-end reserve balance

BUILDING RESERVE FORECAST (\$ millions)					
Building	2018 YE Projection	2019	2020	2021

2018 Approved/ 2019 – 2021 Proposed Building Fee Increase	5.00%	5.00%	5.00%	5.00%	
Estimated Residential Permits/Year		2,110	2,816	2,648	

#### 1. Building Permit Fees

Based on the 2018 budget it was anticipated that the 2018 reserve ending balance would be \$10.405M compared to the projected ending balance of \$12.132M, resulting in a favourable variance of \$1.727M. The favourable variance is a result of higher volume of building permits due in part to increased Regional development charges effective July 1, 2018.

The 2019 projection is based on forecasted permit application volumes and 2019 capital requests subject to Council approval. The 2020 to 2021 projections are based on forecasted permit volume and capital plans.

As outlined in the above table, the 2019 proposed Building Fee By-law fee increase is 5.0%. With this proposed increase, it is anticipated that there will be a draw from the reserve of (\$1.055M).

For 2020-2021, a 5% per year increase has been applied and at the end of the 3 year period the reserve is projected to be at \$13.135M.

#### **Proposed Building By-law Changes:**

Following are the proposed Building By-law fee amendments:

- 1. To increase fee multipliers in Table 1 of Schedule A by 5% as noted above;
- 2. To introduce a new fee of \$378 for the installation of elevators in residential homes;
- 3. To reduce the fee for backwater valves, sewer ejectors and sump pumps to a \$117 flat fee;
- 4. To reduce the fee for backflow preventers to \$300 plus \$100 for each additional device;
- 5. To reduce the fee for the review and inspection of premises used for the production of illicit drugs to a flat fee of \$5,000 from the current fee of \$7,754. The proposed fee better reflects the reasonable cost of enforcement;

## 2. Development Fees (Planning and Urban Design and Engineering)

Planning and Urban Design	2018 YE Projection	2019	2020	2021
Revenues	11.745	12.631	13.674	14.667

Development Reserve Ending Balance	(1.465)	2.160	7.626	14.999
Capital investment and Interest	(0.200)	(0.405)	(0.296)	(0.166)
Engineering Transfer/Draw (from above)	3.007	1.176	2.060	3.044
Planning Transfer/Draw (from above)	3.496	2.854	3.702	4.495
Development Reserve Beginning Balance	(7.768)	(1.465)	2.160	7.626

Based on the 2018 budget it was anticipated that the 2018 reserve ending balance would be at (\$6.934M) compared to the projected ending balance of (\$1.465M), resulting in a favourable variance to budget of \$5.469M. The favourable variance is a result of higher than expected development applications due in part to higher volumes of applications submitted in June in anticipation of higher Regional development charges effective July 1, 2018.

The 2019 projection is based on forecasted development application volume and 2019 capital requests subject to Council approval. The 2020 to 2021 projections are based on forecasted development application volume and capital plans.

#### **E-plan Requirements**

As part of the online submission of applications, applicants will have the option to pay fees online using credit cards. Credit card companies charge the payee (in this case the City of Markham) a service charge based on a percentage of the fee. This charge is approximately 2% depending on the type of credit card. Staff are proposing to add an additional charge of 2% to every fee category in the Development Fee By-Law to cover this additional credit card service charge.

To meet 2019 ePlan application activity, one (1) new staff position is being proposed to be funded from Development Fees. The addition of staffing and the credit card service charge has resulted in the fee increase of 17.5% in 2019. For 2020-2021, Staff are recommending the projected fee increases of 15% per year for Planning and Urban Design, and 15% per year for Engineering.

Based on these projected increases and activity levels, it is projected that the Development Reserve will be in a surplus position of \$2.160M at the end of 2019.

#### **Consultation with the Development Community**

The *Building Code Act* requires the City to hold at least one public meeting with respect to any changes in Building permit fees. Notice must be given to the general public and interested parties 21 days prior to the meeting. It is recommended that notice be placed on the City's website, in the Markham Economist and Sun and the Thornhill Liberal, and be mailed to the Urban Development Institute, the Greater Toronto Home Builders Association, and development industry representatives listed on the City's "Developers Round Table" distribution list. Staff are recommending that the changes to the Development Fee By-law and Building Fee By-law be referred to the Development Services Committee Public Meeting to be held on December 11, 2018.

## FINANCIAL CONSIDERATIONS AND TEMPLATE:

The Finance Department has been working closely with Development Services Commission staff

to ensure proper direct and indirect cost recovery and to incorporate the results into the proposed 2019 operating budget. The fee adjustments recommended in this report for 2019, 5% for Building, 17.5% for Planning & Urban Design and 17.5% for Engineering will assist in providing increased funding for projected direct and indirect costs, including contributions to Building, and Development reserves. Finance and Development Services Staff will monitor financial performance against budget in 2019 and report back to Development Services Committee if any midyear adjustments to the Fee By-laws need to be contemplated along with a future year forecast.

#### **Summary of Reserve Balances**

Markham has experienced strong building activity over the past several years resulting in an appropriate reserve level for Building. This reserve has been utilized by the Building Department to invest in new processes and technologies, such as E-plan project and a comprehensive zoning by-law project, and to withstand cyclical downturns without abrupt changes to capacity and service levels. The combined reserve balance for Planning and Engineering remains in a deficit position and is projected to have a surplus balance in 2019 based on anticipated level of activity in 2019. The following table provides a history of the balances in Building and the Development reserves:

<b>Reserve Balances Surplus/ Deficit (\$ millions)</b>			
Year End	Building	Development	
2008	2.412	(1.716)	
2009	0.540	(5.632)

# BY-LAW 2018-XXX

Being a By-law respecting Construction, Demolition, Change of Use Permits and Inspections

**WHEREAS** section 7 of the *Building Code Act*, *1992*, S.O. 1992, c. 23, as amended, authorizes municipal council to pass by-laws respecting construction, demolition and change of use permits, inspections and related matters;

**AND WHEREAS** the Council of The Corporation of the City of Markham desires to repeal By-law 2016-148 and to enact a new building by-law for the issuance of permits and related matters, including the establishment of a fee schedule;

**NOW THEREFORE** THE COUNCIL OF THE CORPORATION OF THE CITY OF MARKHAM ENACTS AS FOLLOWS:

## 1. SHORT TITLE

1.1. This By-law may be cited as the "Building By-law".

# 2. **DEFINITIONS**

2.1. In this By-law:

"Act" means the Building Code Act, 1992, S.O. 1992, c. 23, as amended;

"*applicant*" means the *owner* of a building or property who applies for a *permit* or any person authorized to apply for a *permit* on the *owner*'s behalf, or any person or corporation empowered by statute to cause the construction or demolition of a building or buildings and anyone acting under the authority of such person or corporation;

"Building Code" means the regulation made under Section 34 of the Act;

"*certified model*" means a unique building design for a detached or semidetached unit that has been reviewed by the *chief building official* for compliance with the *Building Code* and is intended for construction pursuant to a *permit* issued under the *Act*. A *certified model* approval is not itself a *permit*;

*"chief building official"* means the *chief building official* appointed by by-law by Council for the purposes of enforcement of the *Act*, the *Building Code* and this By-law;

*"complete application"* means an application that meets the requirements set out in the building code for applications where the *chief building official* is required to make a decision within a prescribed time period, and section 4 and Schedule B of this By-law;

"conditional permit" means a permit issued under subsection 8(3) of the Act;

"construct" means construct as defined in subsection 1(1) of the Act;

"demolish" means demolish as defined in subsection 1(1) of the Act;

*"electronic submission"* means the filing of a *pre-application review* or an application for a building *permit, certified model* or alternative solution, including all required forms, documents and drawings, submitted through an online application procedure approved by the *chief building official*.

"*owner*" means, in respect of the property on which the construction is to take place, the registered owner of the land and, except for *conditional permits*, may include a lessee, mortgagee in possession and the person acting as the owner's authorized agent;

*"partial permit"* means a *permit* issued by the *chief building official* to construct part of a building;

"*permit*" means permission or authorization given in writing by the *chief building official* to perform work, to change the use of a building or part thereof, or to occupy a building or part thereof, as regulated by the *Act* and *Building Code;* 

"*permit holder*" means the *owner* to whom the *permit* has been issued or where a *permit* has been transferred, the new *owner* to whom the permit has been transferred;

*"pre-application review"* means the review of forms, documents and drawings which precedes the acceptance of a permit application to determine if it qualifies for an *electronic submission* for a permit;

*"Registered Code Agency"* means a registered code agency as defined in subsection 1(1) of the *Act;* 

*"revised submission"* means additional information filed with the *chief building official* which depicts one or more changes to the proposed or as-constructed design of a building or part of a building for which a permit has already been issued and for which approval by the *chief building official* is required;

*"sewage system"* means a sewage system as defined in Subsection 1.4.1.of Division A of the *Building Code;* 

*"supplementary submission"* means a resubmission of information in relation to building permit documents previously reviewed or issued, that requires additional review to determine *Building Code* compliance;

*"zoning preliminary review"* means a review of plans and other documents to determine, prior to building permit or *Planning Act* applications, whether proposed designs comply with applicable zoning by-laws;

"City" means The Corporation of the City of Markham.

2.2. Terms not defined in this By-law shall have the meaning ascribed to them in the *Act* or the *Building Code*.

# 3. CLASSES OF PERMITS

3.1. Classes of *permits* required for the construction, demolition or change of use of a building shall be set out in Schedule "A" to this By-law.

# 4. **REQUIREMENTS FOR** *PERMIT* **APPLICATIONS**

# **General Requirements**

- 4.1. Every *permit* application, *certified model* application and application for an alternative solution must meet the requirements of this section and section 6 and shall:
  - 4.1.1. be made by an *applicant;*
  - 4.1.2. be submitted to the *chief building official* on forms prescribed by the Province of Ontario or when no form is prescribed, on a form prescribed by the *chief building official*;
  - 4.1.3. be accompanied by the required fees calculated in accordance with Schedule "A";

- 4.1.4. unless otherwise determined by the *chief building official*, be in the form of an *electronic submission*;
- 4.1.5. unless otherwise determined by the *chief building official*, shall not be accepted until a *pre-application review* has been completed to the satisfaction of the *chief building official*; and
- 4.2. To be considered a *complete application*, every *permit* application shall be accompanied by the approval documents issued by the agencies responsible for the applicable laws listed in the building code, where those agencies issue approval documents and the law applies to the construction or demolition being proposed.
- 4.3. An application for a *permit* may be refused by the *chief building official* where it is not a *complete application*.
- 4.4. The *chief building official* may, as the chief building official deems appropriate, provide prescribed forms in an electronic format and may allow for the electronic submission of completed *permit* application forms.
- 4.5. Notwithstanding subsection 4.4, completed forms generated electronically shall be accepted subject to the endorsement by the *applicant*.
- 4.6. When filing an application, the *owner* and the *applicant* shall provide an electronic address(s) for the purpose of receiving communications from the *chief building official* regarding the construction, demolition or change of use associated with a permit application or issued *permit*. The owner or authorized agent of the owner shall inform the *chief building official* immediately in writing when the electronic address(s) provided change or become not functional.

# Applications for *Permits* to Construct

- 4.7. Every application for a *permit* to *construct* a building shall:
  - 4.7.1. identify and describe in detail the work to be done and the existing and proposed use and occupancy of the building, or part thereof, for which the building *permit* application is made;
  - 4.7.2. be accompanied by the plans, specifications, documents, forms and other information prescribed in section 5 and Schedule B of this by-law; and
  - 4.7.3. be accompanied by acceptable proof of corporate identity and property ownership, unless such proof is determined by the *chief building official* to be unnecessary.

# Applications for *Permits* to *Demolish*

- 4.8. Every application for a *permit* to *demolish* a building shall:
  - 4.8.1. identify and describe in detail the work to be done and the existing use and occupancy of the building, or part thereof, for which the application for a *permit* to *demolish* is made, and the proposed use and occupancy of that part of the building, if any, that will remain upon completion of the demolition;
  - 4.8.2. be accompanied by the plans, specifications, documents, forms and other information prescribed in section 5 and Schedule B of this By-law; and
  - 4.8.3. be accompanied by proof satisfactory to the *chief building official* that arrangements have been made with the proper authorities for the termination and capping of all the water, sewer, gas, electric, telephone or other utilities and services.

# Applications for *Permits* to Construct Part of a Building

- 4.9. In addition to the requirements of subsection 4.6, every application for a *partial permit* shall:
  - 4.9.1. require a *permit* application for the entire project; and
  - 4.9.2. be accompanied by plans, specifications, documents, forms and other information covering that part of the work for which application for a *partial permit* is made, together with such information pertaining to the remainder of the work as may be required by the *chief building official*.
- 4.10. The *chief building official* may issue a *partial permit* when the *chief building official* determines it is appropriate to expedite substantial construction before a *permit* for the entire building is available and where the relevant provisions of this By-law and the *Act* are met.
  - 4.10.1. When determining whether to issue a *partial permit*, the *chief building official* shall have regard for the likelihood of subsequent approvals being available in a timely fashion such that a project is not interrupted and exposed to potential damage from the elements while awaiting subsequent approvals.
- 4.11. The *chief building official* shall not, by reason of the issuance of a *partial permit* pursuant to this By-law, be under any obligation to grant any additional *permits*.

## **Applications for** *Conditional Permits*

- 4.12. An application for a *conditional permit* cannot be filed until plans review of the scope of work is complete.
- 4.13. In addition to the requirements of subsection 4.6, where a *conditional permit* is requested, the *applicant* shall:
  - 4.13.1. complete an application on a form prescribed by the *chief building official;* and
  - 4.13.2. submit documents and drawings prescribed in Schedule B of this By-law.
- 4.14. The *chief building official* may, at his or her discretion, issue a *conditional permit* where unreasonable delays are anticipated in obtaining all necessary approvals and where the relevant provisions of this By-law and the *Act* are met.

#### Applications for *Permits* for Change of Use

- 4.15. Every application for a *permit* for a change of use shall;
  - 4.15.1. be accompanied by the plans, specifications, documents, forms and other information prescribed in section 5 and Schedule B of this By-law;

# Application for a *Certified Model*

- 4.16. An *applicant* may file an application for a *certified model*.
- 4.17. Every application for a *certified model* shall;
  - 4.17.1. be made on an application form prescribed by the *chief building official;* and
  - 4.17.2. be accompanied by the plans, specifications, documents, forms and other information prescribed in section 5 of this By-law.

4.18. Plans and specifications forming part of each *certified model* application shall be deemed to form part of the *permit* documents of each *permit* subsequently issued under the *Act*.

#### Abandoned Electronic Submissions and Permit Applications

- 4.19. Where an electronic submission has not been completed within 20 business days of creation, the electronic submission may be deemed by the *chief building official* to have been abandoned.
- 4.20. Where an application for a *permit* remains incomplete and inactive for six months after the *applicant* has been advised in writing of all the reasons for refusal, the application may be deemed by the *chief building official* to have been abandoned and written notice of the cancellation thereof shall be given to the *applicant*.

## **Revisions to** *Permits*

- 4.21. After the issuance of a *permit* under the *Act*, the *applicant* shall give notice to the *chief building official* in writing of any material change to a plan, specification, document or other information upon which a *permit* was issued, together with the details of such change, which change shall not be made without the prior written authorization of the *chief building official*.
- 4.22. Application for authorization of any substantial change shall constitute a *revised submission* or a *supplementary submission*.

# 5. PLANS AND SPECIFICATIONS

- 5.1. As part of the application for a *permit* and in addition to the requirements of section 4 of this by-law, every *applicant* shall submit to the *chief building official* the following:
  - 5.1.1. sufficient plans, specifications, documents, forms and such other information as may be deemed necessary by the *chief building official* to determine whether the proposed construction, demolition, or change of use conforms to the *Act*, the *Building Code*, and any other applicable law;
  - 5.1.2. Where a site plan is required to satisfy section 5.1.1, the site plan shall reference a current plan of survey certified by a registered Ontario Land Surveyor and shall include:
    - 5.1.2.1. lot size and dimensions of the property;
    - 5.1.2.2. setbacks from existing and proposed buildings to property boundaries and to each other;
    - 5.1.2.3. existing and finished ground levels or grades; and
    - 5.1.2.4. existing rights of way, easements and municipal
      - services; and
    - 5.1.2.5. a copy of a current plan of survey, unless the *chief building official* waives this requirement.
- 5.2. As part of an application for a *certified model*, every applicant shall submit to the *chief building official* sufficient plans, specifications, documents, forms and such other information as may be deemed necessary by the *chief building official* to determine whether the proposed construction conforms to the *Building Code*.
- 5.3. Plans, specifications and other documents submitted by an *applicant* shall:
  - 5.3.1. be fully coordinated among design disciplines and intended for construction, demolition or change of use;
  - 5.3.2. be fully dimensioned and drawn to a suitable scale that clearly depicts the proposed construction, demolition or change of use;

- 5.3.3. be submitted on paper or other suitable and durable material; and
- 5.3.4. contain information and text that is clear and legible.
- 5.4. Unless otherwise deemed necessary by the *chief building official*, every application shall be accompanied by two sets of plans, specifications, forms, documents and other information required to facilitate the administration and enforcement of the *Building Code*.
- 5.5. On completion of the construction of a building, the *chief building official* may require the *applicant* to submit a set of as constructed plans, including a plan of survey showing the location of the building.
- 5.6. Plans and specifications submitted in accordance with this By-law or otherwise required by the *Act* become the property of the *City* and will be disposed of or retained in accordance with relevant legislation or by-law.

## 6. AUTHORIZATION OF ALTERNATIVE SOLUTIONS

- 6.1. Where approval for an alternative solution under the *Building Code* is being sought, the *applicant* shall submit:
  - 6.1.1. an application on a form prescribed by the *chief building official*;
  - 6.1.2. supporting documentation demonstrating that the proposed alternative solution will provide the level of performance required by the *Building Code*; and
  - 6.1.3. payment of the required fee prescribed by Schedule A.

## 7. FEES AND REFUNDS

- 7.1. The *chief building official* shall determine the required application fees in accordance with Schedule "A" to this By-law.
- 7.2. The *chief building official* shall not issue a *permit* until fees required by this By-law have been paid in full by the *applicant*.
- 7.3. In addition to the fees paid at the time of building *permit* application, when an *applicant* makes *supplementary submissions* and *revised submissions*, the *applicant* shall pay the prescribed fee which shall be calculated in accordance with Schedule "A".
- 7.4. In the case of withdrawal or abandonment of an application, or refusal or revocation of a *permit*, and upon written request by the *applicant*, the *chief building official* may refund any unearned fees which shall be calculated in accordance with section 3 of Schedule "A".

# 8. TRANSFER OF *PERMITS*

- 8.1. Upon change of ownership, *permit* applications and *permits* must be transferred to the new *owner* with the approval of the *chief building official*.
- 8.2. To transfer a *permit*, the new *owner* shall complete and submit an application form in accordance with the requirements of Section 4 of this by-law and pay the required fee as prescribed by Schedule "A".
- 8.3. Upon the transfer of the *permit* by the *chief building official*, the new *owner* shall be the *permit holder* for the purpose of this By-law, the *Act* and the *Building Code*.

# 9. NOTICES FOR INSPECTIONS

9.1. Inspection notices required by the building code and this By-law shall be made in writing or by telephone using the City's permit inspection request line which has been prescribed for this purpose.

- 9.2. Inspection notices are required a minimum of two business days prior to the stages of construction specified therein and shall be given in accordance with the requirements of Subsection 1.3.5 of Division C of the *Building Code*.
- 9.3. The person to whom the *permit* has been issued shall notify the *chief building official* or a *Registered Code Agency* where one is appointed, of each stage of construction for which a notice is prescribed by the *Building Code*.
- 9.4. Notwithstanding section 10 of this By-law, the person to whom the *permit* has been issued shall notify the *chief building official* of the date of completion of the building or demolition work no more than two days after that date.
- 9.5. In addition to the notices prescribed in Article 1.3.5.1 of Division C of the *Building Code*, the person to whom a *permit* has been issued shall give the *chief building official* notice of the readiness for inspection for the following stages of construction, where applicable:
  - 9.5.1. commencement of construction of the building
  - 9.5.2. commencement of construction of:
    - 9.5.2.1. masonry fireplaces and masonry chimneys,
    - 9.5.2.2. factory-built fireplaces and allied chimneys,

# **10. REGISTERED CODE AGENCIES**

- 10.1. The *chief building official* is authorized to enter into and sign contracts for service agreements with *Registered Code Agencies* and appoint them to perform specified functions from time to time in order to maintain the time periods for *permits* prescribed in Article 1.3.1.3. of Division C of the *Building Code*.
- 10.2. A *Registered Code Agency* may be appointed to perform one or more of the specified functions described in section 15.15 of the *Act*.

# 11. FENCING CONSTRUCTION SITES

- 11.1. Where, in the opinion of the *chief building official*, a construction or demolition site presents a hazard to the public, the *chief building official* may require the *permit holder* to erect such fencing to the standards and specifications that the *chief building official* deems to be appropriate in the circumstances.
- 11.2. When determining if a construction or demolition site presents a hazard to the public and requires the erection of fencing and the type of fencing required, the *chief building official* shall have regard to:
  - 11.2.1. the proximity of the construction site to occupied dwellings;
  - 11.2.2. the proximity of the construction site to lands accessible to the public, including but not limited to streets, parks, and commercial and institutional activities;
  - 11.2.3. the hazards presented by the construction activities and materials;
  - 11.2.4. the feasibility and effectiveness of site fencing; and
  - 11.2.5. the duration of the hazard.
- 11.3. When the *chief building official* is of the opinion that fencing is required, the *permit holder* shall, prior to the commencement of any construction, demolition, or placement of materials or equipment on site, erect or cause to be erected fencing to the standards required by the *chief building official* to enclose the construction or demolition site for the purpose of preventing

unauthorized entry on the site. For the purposes of this section, construction or demolition site shall include the area of the proposed construction or demolition and any area where materials or equipment are stored or operated.

# 12. OFFENCES AND PENALTIES

12.1. Any person who contravenes any provision of this by-law is guilty of an offence and is liable upon conviction to a fine as provided for in the *Act*.

# **13. SEVERABILITY**

13.1. Should any section, subsection, clause or provision of this By-law be declared by a court of competent jurisdiction to be invalid, the same shall not affect the validity of this By-law as a whole or any part thereof, other than the part so declared to be invalid.

# 14. MISCELLANEOUS

- 14.1. All Schedules shall be and form part of this By-law.
- 14.2. A reference to the singular or to the masculine shall be deemed to refer to the plural or feminine as the context may require.

# 15. REPEAL AND TRANSITION

- 15.1. By-law Number 2017-150 is hereby repealed upon the date that this by-law comes into force.
- 15.2. Notwithstanding sections 15.1 and 16.1 of this by-law, for any *complete application* received prior to the effective date of this by-law, the provisions of By-law Number 2017-150 shall remain in force and effect for the purpose of that application.

# **16. EFFECTIVE DATE**

16.1. This by-law shall come into force on the 1<sup>st</sup> day of January 2019.

READ A FIRST, SECOND, AND THIRD TIME AND PASSED THIS XX<sup>th</sup> DAY OF MONTH, 2018.

KIMBERLEY KITTERINGHAM CITY CLERK FRANK SCARPITTI MAYOR

#### SCHEDULE "A"

#### CLASSES OF PERMITS, FEES AND REFUNDS

## 1. FEES

- 1.1 For applications submitted in person, all fees shall be paid in full at the time of application.
- 1.2 The fee for the *pre-application review* of applications shall be \$100. This fee is non-refundable and a credit for this fee will be applied to the total building *permit* fee.

# 2. CALCULATION OF PERMIT FEES

- 2.1 *Permit* fees shall be calculated on the basis of:
  - 2.1.1 the flat rate where indicated in Column 5 of Table 1 of this Schedule;
  - 2.1.2 the product of the applicable fee multiplier in Column 4 of Table 1 of this Schedule and the related floor area or other measure specified in Column 3; or
  - 2.1.3 where a fee is not listed in Table 1, \$20 for each \$1,000 or part thereof of the construction value prescribed by the chief building official.
- 2.2 Except for classes of *permits* subject to flat rates, fees shall be based on the appropriate measure of the floor area of the project.
- 2.3 Except where otherwise exempt, in addition to the fees calculated according to subsections 2.1 and 2.2 fees shall also be assessed according to the number of plumbing fixtures and the size of supply piping and drainage piping as applicable.
- 2.4 Section B of Table 1 of this Schedule applies where the scope of work does not affect any exterior wall or exterior roof assembly in existing construction.
- 2.5 Fees charged for the review of *certified models* shall be calculated using a fee multiplier equivalent to that applicable to Single or Semi Detached Dwellings determined in accordance with subsections 2.8 to 2.10 of this Schedule.
- 2.6 In addition to the fees calculated in accordance with Table 1 paid at the time of building *permit* application, fees for *supplementary submissions* and *revised submissions* shall be calculated at \$100/hour spent determining compliance.
- 2.7 Where *supplementary submissions* or *revised submissions* include certification of applicable law compliance, which compliance or applicability was incorrectly declared at the time of *permit* application, a fee of \$250 for each applicable law certification shall apply. Where an application form other than an applicable law checklist is required to be revised to reflect incorrectly declared information, a fee of \$250 applies.
- 2.8 In addition to the fees calculated in accordance with Table 1, each application for consideration of an alternative solution shall be accompanied by a non-refundable fee of \$2,000 for 7 hrs of review time. Each additional hour of review time will be billed at a rate of \$150/hour. Additional fees for outside consultants are due when applicable.
- 2.9 When calculating fees based on floor areas, floor area is measured to the outer face of exterior walls and to the centreline of party walls or demising walls, except when calculating interior partition work. When measuring floor area for interior partitioning, corridors, lobbies, washrooms, lounges, and

other similar facilities are to be included and classified according to the major occupancy classification for the floor area with which they are associated. Where these areas are constructed in a shell-only building, fees shall be calculated at the applicable partitioned rate in Table 1.

- 2.10 When measuring floor area, no deductions shall be allowed for floor openings required for such facilities as stairs, elevators, escalators, shafts and ducts. Interconnected floor spaces and atriums above their lowest level may be deducted from measured floor area.
- 2.11 Where incorporated with an application for a class of dwelling described in Rows A6 or A7 of Table 1, no additional fee is required for decks, fireplaces, unfinished basements, attached garages, heating or plumbing systems.
- 2.12 Where incorporated with an application for a class of permit described under Section A and B of Table 1, no additional fee shall be levied for the scope of work described in Sections D and G of Table 1 that form part of the work proposed under the application.
- 2.13 For any permit application for a class of permit described under Section B of Table 1, floor area used for the calculation of fees shall be the lesser of :
  - 2.13.1 the area contained within a single rectangle encompassing all of the proposed work, or
  - 2.13.2 the actual area of the tenant space;
- 2.14 The occupancy classifications used in this By-law are based on the *Building Code* occupancy classifications. For mixed occupancy classifications, the total payable fee shall be calculated by applying the fee multiplier for each occupancy prescribed in Table 1 to the floor area measured for each individual occupancy and taking the sum of the fees calculated for each occupancy.
- 2.15 For *permits* for change of use, the fee multiplier for the proposed occupancy will be applied to the entire floor area subject to the change of use.
- 2.16 Where a change of use *permit* is denied, the fees paid may be credited to a building *permit* which incorporates the construction required to accommodate the change of use.
- 2.17 Except for temporary buildings on construction sites for offices, fees for temporary buildings, including tents and stages, apply to buildings erected for less than 12 weeks.
- 2.18 The permit fee for the remediation, restoration, or demolition of premises used for the production of illicit substances is \$5,000. Administrative fees in accordance with Section 5 of this Schedule are in addition to this fee.

# 3. MINIMUM FEE

- 3.1 Except where a flat fee applies, the minimum fee for any permit application for work proposed in Group C residential occupancies in Sections A, B, D, and E of Table 1 shall be \$100;
- 3.2 Except where a flat fee applies, the minimum fee for any permit application for work proposed in Group A, B, D, E and F occupancies in Sections A, B, D, and E of Table 1 shall be \$500.
- 3.3 Except where a flat fee applies, the minimum fee for any permit application for work proposed in Section C of Table 1 shall be \$900.

# 4. CALCULATION OF REFUNDS

4.1 Pursuant to Section 7 of this By-law, refunds shall be calculated as follows:

Refund = [*Permit* Fee Paid] – [Total *Permit* Fees Payable x % *Permit* Fee Earned]

- 4.2 The proportion of the total *permit* fee payable is earned according to the following schedule:
  - 4.2.1 10% if administrative functions only have been performed;
  - 4.2.2 20% if administrative functions and zoning review have been performed;
  - 4.2.3 50% if administrative functions, zoning review and all or part of the *Building Code* review have been performed; and
  - 4.2.4 60% if all administrative functions and reviews have been completed and the building permit has been issued or is available to be issued.
- 4.3 No refund is available for:
  - 4.3.1 Flat fees prescribed in Column 5 of Table 1;
  - 4.3.2 minimum fees prescribed in subsections 3.1 and 3.2 of this Schedule;
  - 4.3.3 fees in the amount of \$500 or less;
  - 4.3.4 reduced area of work where the scope of work is reduced more than 2 business days after the application is filed;
  - 4.3.5 incorrect work area declaration at the time of application;
  - 4.3.6 where a permit is revoked, except where a permit is issued in error, or the applicant requests revocation no more than six months after the permit is issued;
  - 4.3.7 applications or permits where construction or demolition has commenced;
  - 4.3.8 applications cancelled more than 2 years after the *permit* application date; or
  - 4.3.9 administrative fees listed in Section 5.0 of this Schedule.
- 4.4 Pursuant to section 10 of this by-law, 20% of the applicable permit fee paid shall be refunded where an application was made using a Registered Code Agency appointed under a service agreement with the Chief Building Official, those services are fully paid for by the applicant and have been completed in accordance with the building code, and the Final Certificate as defined by the *Building Code Act* has been submitted to the Chief Building Official.

# 5. ADMINISTRATIVE FEES

- 5.1 To offset additional investigative and administrative costs, a fee of \$300 shall be paid where any Order to Comply is issued pursuant to section 12 or section 13 of the *Act* and an additional fee of \$1,000 shall be paid where any Stop Work Order is issued pursuant to section 14 of the *Act*. Payment of these fees does not relieve any person or corporation from complying with the *Act*, the *Building Code* or any applicable law.
- 5.2 To offset additional costs associated with the investigation, inspection, administration and rectification of unsafe buildings pursuant to section 15.9 of the *Act*, a fee of \$500 shall be paid where any Unsafe Order is issued, and an additional fee of \$1,000 shall be paid where any Order respecting Occupancy is issued. Payment of these fees does not relieve any person or corporation from complying with the *Act*, the *Building Code* or any applicable law.
- 5.3 To transfer a *permit* from one *permit holder* to another, an additional fee of \$150 shall be payable.

- 5.4 Except as provided in 4.6, for written requests for information concerning a property's compliance with the *Building Code* and applicable law, the fee shall be \$100.
- 5.5 For written requests for information to support Provincial license applications unrelated to a current *permit* or *permit* application, the fee shall be \$250. Where there is a current *permit* or *permit* application, the fee shall be \$100.
- 5.6 For the reproduction of documents, the fee shall be \$10 plus 110% of the cost of reproduction, plus a fee for *City* staff preparation time at \$100/hour.
- 5.7 Where a requested inspection reveals an infraction which was identified at a previous inspection and not remedied, an additional fee of \$100 shall be payable prior to subsequent inspections being scheduled.
- 5.8 Where an inspector determines that work for which an inspection has been requested is not sufficiently complete to allow proper inspection, an additional fee of \$100 shall be payable prior to subsequent inspections being scheduled.
- 5.9 For phased projects, in addition to the *permit* fee for the complete building, an additional fee of \$500 shall be payable for each phase not applied for at the time of the initial *permit* application.
- 5.10 For *conditional permits*, the conditional permit fee shall be the total *permit* fee for the proposed construction plus a non-refundable additional 10% of that fee.
  - 5.10.1 A minimum additional fee of \$2,000 and a maximum additional fee of \$5,000 applies to *conditional permits*.
  - 5.10.2 Where the *conditional permit* expiration date is extended at the request of the applicant, a non-refundable fee equal to the original conditional permit fee shall apply to each extension.
- 5.11 Notwithstanding subsection 2.5 of this Schedule, for changes of house models, an additional fee of \$300 plus the fee in Table 1 corresponding to new home construction for any resulting increase in floor area shall be payable. Where the floor area is reduced, no refund applies.
- 5.12 When a *permit* is suspended or is deemed incomplete and an inspection is subsequently requested, an additional fee of \$200 shall be paid for each such inspection.
- 5.13 Pursuant to section 10 of this by-law, where an application is made using a Registered Code Agency appointed under a service agreement with the Chief Building Official, and those services are fully paid for by the applicant, the applicable fee shall be reduced by 20% at the time a complete application is filed with a Plan Review Certificate as defined by the *Building Code Act*.
- 5.14 For review and approval of spatial separation agreements required by Division B of the *Building Code* a fee of \$500 applies.
- 5.15 Fees for Zoning Preliminary Reviews will be as follows:
  - 5.15.1 \$250 for low rise residential (including singles, semis (per unit), townhouse (per unit), decks, porches, sheds, and driveways);
  - 5.15.2 \$350 for interior alterations (including parking calculation); and
  - 5.15.3 \$350 for multiple residential and non-residential projects.

- 3. This By-law comes into force and takes effect on January 1, 2019.

READ A FIRST, SECOND, AND THIRD TIME AND PASSED THIS DAY OF DECEMBER, 2018.

CITY CLERK

MAYOR

# SCHEDULE 'A' TO BY-LAW 2017-

# TARIFF OF FEES FOR PROCESSING OF PLANNING APPLICATIONS GENERAL TERMS

# **1.0.** Fee Acceptance

- 1.1. Fees shall only be accepted in conjunction with the filing of an application containing all submission requirements as determined by the Director of Planning and Urban Design or designate and/or Director of Engineering or designate.
- 1.2. Applicants shall not be permitted to "pre-pay" application fees upon submission of an incomplete application in order to lock in fees and avoid future fee increases.

## 2.0. Fee Calculation

- 2.1. For each development application type, fee shall be calculated, and may include Development Application Fees, Supplementary Fees, and Miscellaneous Fees as listed in this by-law. Unless otherwise stated, fee subsections ending in roman numerals (ie. i), ii), iii), etc) form part of the overall subsection fee, and shall be applied cumulatively with the other fees ending in roman numerals within that subsection.
- 2.2. Fees shall be calculated at the rate in effect on the date paid. Applications for which fees have been paid in part, prior to the effective date of this by-law, shall be required to pay any additional fees established by this by-law.

## **3.0.** Fee Payable in stages

- 3.1. Unless otherwise noted, fees are payable at time of application.
- 3.2. Where the fee payable in respect of an application is payable in stages, the fee owing at each stage shall be the fee, for such stage, in effect on the date the payment is made. No additional fee or increase in fee is payable in respect of stages for which a fee has already been paid.
  - 3.2.1. Where payment in full of all fees applicable to an application has been made, no additional fee, where established by this by-law, shall be payable.
  - 3.2.2. Other City of Markham fees may be applicable.

#### 4.0. Fee Adjustments

- 4.1. Adjustments are made to fees to reflect changes in the total number of Units/Lots/ Parcels/ GFA/ Land Area/Estimated Cost of Works, Consultants Review Fees, etc.,
- 4.2. Adjustments to the total fee payable will be required at each payment stage.

#### 5.0. Reimbursement of fees:

- 5.1. Fees shall be reimbursed upon applicant withdrawing the application, as determined by the Director of Planning & Urban Design or designate and/or Director of Engineering or designate:
  - 5.1.1. Refund percentage is based on all fees received.
  - 5.1.2. HST refund is calculated based on percentage of fee to be refunded.
  - 5.1.3. Refund percentage (%) is based on the application stage as follows:

5.1.3.1. Prior to circulation of application	75%	
5.1.3.2. From circulation to completion of preli	minary report and/or 50%	
holding of a public meeting, if required		
5.1.3.3. Prior to Committee receiving recomme	ndation report and/or 25%	

- 5.1.3.3. Prior to Committee receiving recommendation report and/or 259 prior to Site Plan Endorsement (*Not applicable to Committee of Adjustment Applications*)
- 5.1.3.4. After Site Plan Endorsement and/or after Recommendation No refund Report/ Memorandum received by Committee

#### Notes:

- a) For all application fees calculated, **add HST** as applicable.
- b) All cheques shall be payable to 'City of Markham'.

Table 1	Official Plan/Secondary Plan Amendment	Fee	Rate
1.1	Minor amendment (1)	\$27,378	Per Application
1.2	Major Amendment (2)	\$72,674	Per Application

- 1 An application for a minor, site specific and small scale amendment or exception to Official Plan policies and designations, having limited impact or policy implications beyond the subject lands as determined by the Director of Planning and Urban Design.
- 2 An application to amend the Official Plan that is more significant in scale and scope than a minor official plan amendment, and which may have greater impact or policy implications beyond the subject lands as determined by the Director of Planning and Urban Design. Applications relating to more than one property would normally be in this category. A site specific application could also fall in this category, if considered to represent large scale redevelopment or significant change in use. An application involving significant changes to the text or policies of the Official Plan would also fall in this category.

## **OTES/DEFINITIONS**

#### **COMMITTEE OF ADJUSTMENT**

**Technical Variance:** A minor variance related to an existing building or structure, but requires variance approval due to one or more minor siting errors. Determination of whether or not a variance is a Technical Variance is at the discretion of the Director of Planning and Urban Design, or designate.

**Development Standards:** Any requirement of a zoning by-law other than permitted use (i.e. yard setbacks, building height, lot coverage).

Use: Any requirement of a zoning by-law related to the types of uses permitted on a property.

#### PLAN OF CONDOMINIUM

**Standard Condominium:** A plan of condominium that consists of both individually owned units and common elements. Note that all condominiums that existed at the time that the Condominium Act, 1998 came into effect are deemed Standard Condominiums.

**Phased Condominium:** A form of Standard Condominium (*see above*) that permits individually owned units and common elements to be added to a condominium corporation in phases, over a maximum of ten (10) years.

**Common Element Condominium:** A plan of condominium that consist only of common elements (e.g. a laneway or a golf course), with no individually owned units. The owners of the common elements are owners of freehold parcels of tied land (POTLs) which are not part of the condominium property.

**Vacant Land Condominium:** A plan of condominium where individually owned units are effectively vacant lots upon which buildings will be located after the condominium is registered.

**Amalgamated Condominium:** A plan of condominium where two or more condominium corporations merge into one corporation.

**Leasehold Condominium:** A plan of condominium where individually owned units and common elements are leased by the landowner to purchasers who will never own the land. The purchasers buy a leasehold interest in the units and common elements for a fixed number of years.

#### ENGINEERING

#### Definitions of internal and external works for site plan applications:

<u>Internal works</u> - Include but are not limited to curbs, pavement, retaining walls, grading, water mains, sanitary sewers, storm sewers, manholes, catch basins and their leads, erosion and sediment controls and on site storm water management facilities (e.g., Oil Grit Separators (OGS), storage facilities, chambers, infiltration trenches/chambers, soakaway pits and bioretention systems).

<u>External works</u> - Include but are not limited to sanitary and storm sewer connections, manholes, water service, driveways, sidewalks, boulevard treatment and other road works (Pavement, curbs, catch basins and their leads, hydrants, streetlighting, hydro poles, traffic controls).

**Site Alteration:** Includes but not limited to, the removal of topsoil from land, placement or dumping of fill on land, the alteration of the grade of land or excavation by any means including the removal of vegetative cover, the compaction of soil or the creation of impervious surfaces, or any combination of these activities that would change the landform and natural vegetative characteristics of the land.

**Residential Service Connection:** A watermain, sanitary sewer or storm sewer that connects from a residential house/unit to a municipal watermain, sanitary sewer or storm sewer.

**Engineering Plans:** Technical plans that show sanitary, water and stormwater servicing schemes, grading, utilities location, erosion and sediment controls, shoring and construction details of the proposed development.

Water Supply Analysis Report: Provides detailed design for a water supply distribution system including mitigation measures to ensure adequate water supply flow and pressure for the proposed development.

**Construction Management Plan:** Technical plan that shows how construction works for a proposed development will be managed. The plan shows surface encroachment (e.g. vehicular lane, sidewalk, signage, utilities, trees and municipal easements), storage/loading areas, dewatering equipment, aerial/crane encroachment, vehicular and material access points, hoarding, traffic management, and possible impacts on properties (noise/vibration mitigation and construction condition surveys).

**Traffic Management Plan:** Shows how the alterations and disruptions to traffic caused by the construction activities of the proposed development, servicing infrastructure, or road shall be mitigated and managed.

**Shoring Encroachment and Hoarding Plan:** Technical plan that shows the design and installation of a shoring system consisting of piles and tie-back system, location of the utilities/services and hoarding, and any significant features pertinent to the municipal right-of-way encroachment, to facilitate the construction of underground and aboveground structures that are close to or within the municipal right-of-way. This plan helps ensure construction works do not impede pedestrian and vehicular traffic in any significant manner and do not impact any underground and aboveground utilities or infrastructures.

**Public Communication Plan/ Report:** Outlines the planned public communication process and actions to inform the travelling public, project stakeholders, emergency response agencies, and directly impacted businesses and local residents about the planned construction activities and changes to traffic operations due to proposed temporary road closure and alterations and disruptions to traffic necessary to safely complete construction of proposed development, municipal services and roads. The Plan/Report may consist of any of the following elements: notices to the impacted residents, businesses and travelling public placed in print media, project road signs including detour routes, changeable message signage, notices to the public placed on Internet web pages, brochures, direct mail outs to impacted businesses

and local residents, and public meetings. The Plan is modified throughout the project life cycle to address issues as they arise.

## GENERAL

City: The Corporation of the City of Markham

**Committee:** Committee is a group of individuals appointed by Council, such as the Development Services Committee (DSC), Markham Heritage Committee, Committee of Adjustment or any other sub-committee; with a specific function to review, comment and/or approve the related development applications.

**Heritage:** Heritage designated building (Part IV designation) or any building located within the boundary of a Heritage Conservation District (Part V designation).

ICI: Institutional, Commercial, Industrial

**Townhouse Siting:** Review of the design aspects of townhouse blocks and ensures appropriate building placement and elevation treatments for specific townhouse blocks.

**Gross Floor Area (GFA) of Building(s):** Defined as the total floor area (inside the building envelope, including the external walls, and excluding the roof) above and below grade less area dedicated to underground parking.
