How Cellular Works

↑
To establish coverage

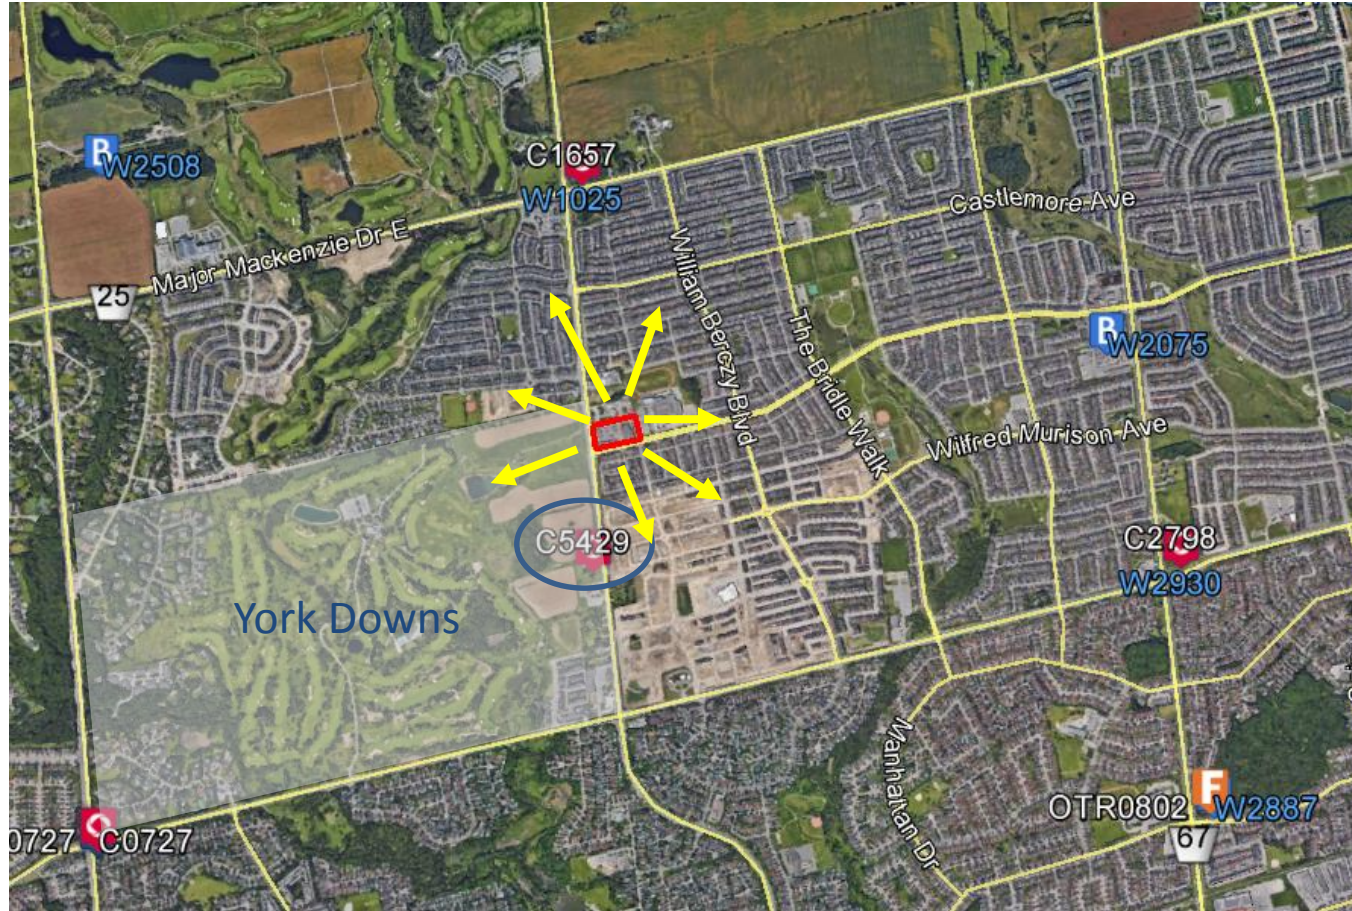

↑
Increased users/Demand

↑
To fill in Network Gap

Bell is at this stage

Weakness in Network Coverage

Consultation Summary

- ✓ Consulted with York Region District School Board on tower location
- ✓ Consulted with adjacent property owner on tower location, equipment screening and design
- ✓ Conducted Public Meeting and mailed out detailed information package to residents within 120m radius

Summary: Site Selection Criteria

- ✓ Minimize Negative Visual Impact
- ✓ 105 metres from a residential dwelling
- ✓ 145 metres from the school
- ✓ Avoiding significant natural features
- ✓ Avoiding towers in Heritage Conservation Districts
- ✓ Easy Existing Access for maintenance
- ✓ Shrouded design-Painted to match
- ✓ Additional carrier accommodation
- ✓ Landscaping provided to screen equipment

Thank you.

thank you.
