# Planning Process For The FUA

*The Conceptual Master Plan will satisfy  
Master Plans component (Phase 1 and 2)  
of Municipal Class Environmental  
Assessment (EA) process*

# Consultation

## Vision

Protecting the  
Environment

“New neighbourhood and employment lands in the north Markham Future Urban Area will be designed as healthy, compact and complete communities.

Increased Travel  
Options

Complete Compact  
Communities

These communities will reflect the City's leadership in sustainable development with resilience and innovation being cornerstones of community design.”

Vibrant Economy

## Principles/Parameters

Protecting and enhancing the natural environment

Building compact, complete communities

Maintaining a vibrant and competitive economy

Increasing travel options

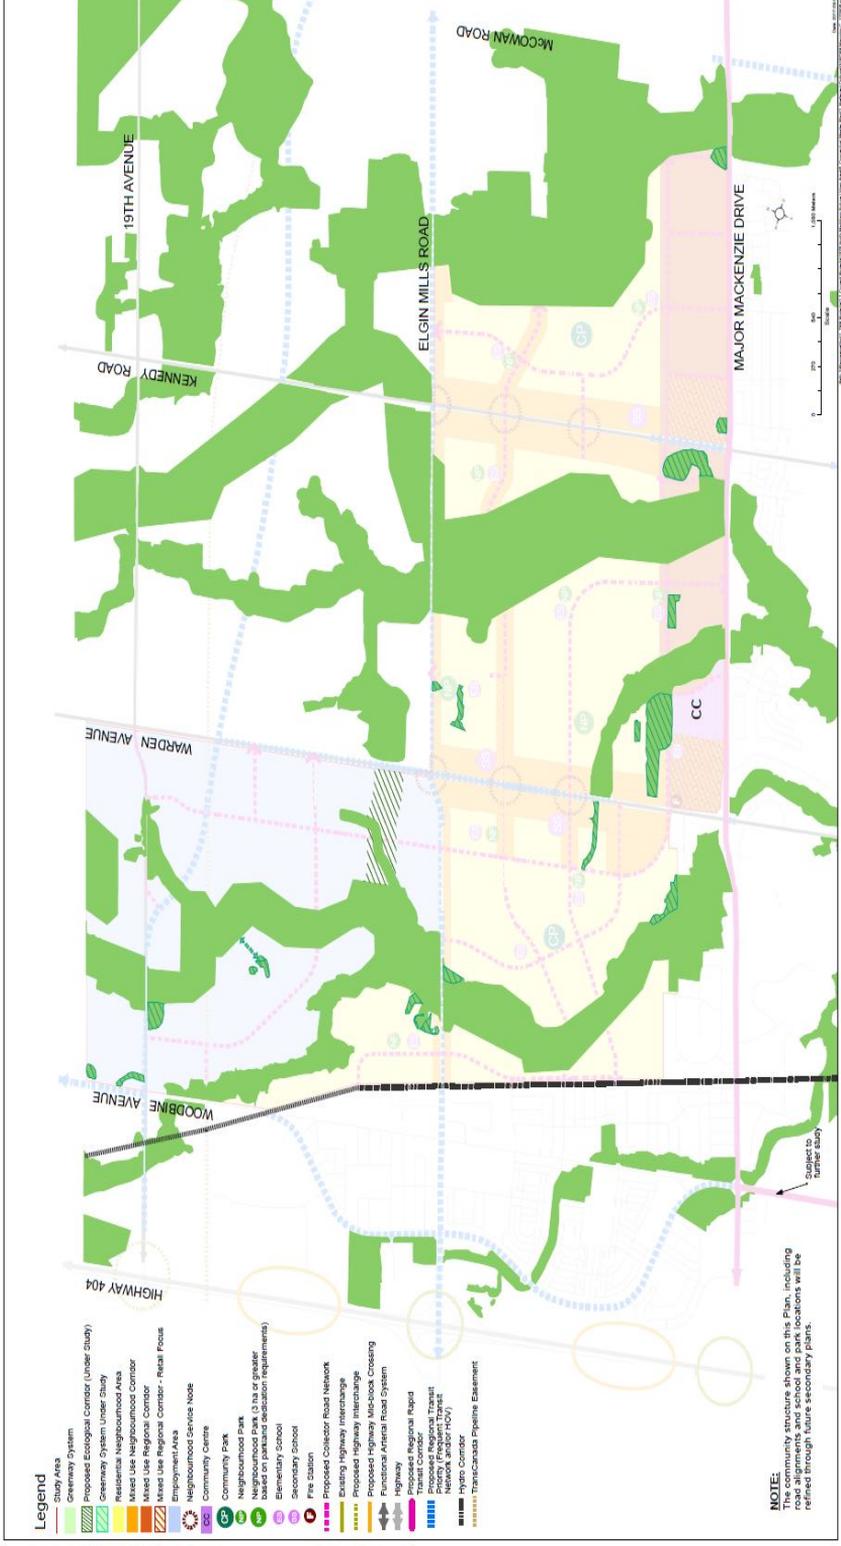

Adopting 'green' infrastructure and development standards

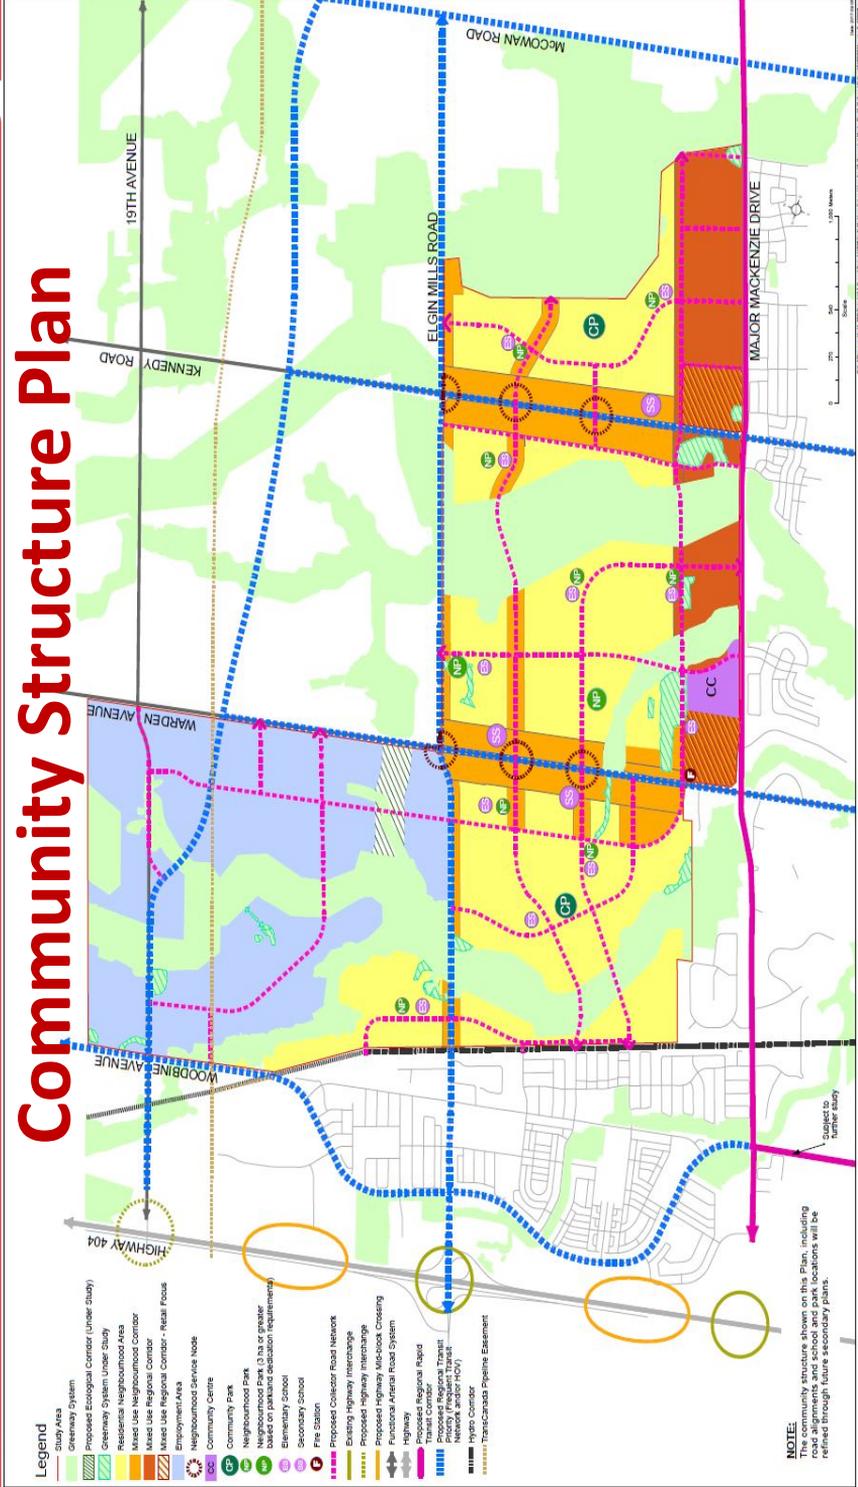

**BUILDING MARKHAM'S  
FUTURE TOGETHER**

# Community Structure Plan

# Adopting Green Infrastructure and Community Energy

- Managing use of potable water
- Conserving energy and use of green energy
- Community energy systems
- Waste diversion and reduction
- Enhanced interior air quality
- Improving public health through design of buildings and sites
- Planning infrastructure systems to increase resilience, affordability and adaptability.

## Next Steps

- 1) Submission of Secondary Plan applications by landowners fall 2017
- 2) Statutory Public Meetings for Secondary Plans to be scheduled following applications being deemed complete

## Recommendations

- 1) The Conceptual Master Plan for the Future Urban Area – Community Structure Plan and Key Policy Direction be received; and
- 2) The Conceptual Master Plan for the Future Urban Area – Community Structure Plan and Key Policy Direction be endorsed as the basis for the review and approval of statutory secondary plans
