

Markham's Participation in "Belt & Road" Summit and Related Programs May 16 – 20, 2016 Report on Outcomes and Activities

**Presentation to
Economic Development Committee
(October 24, 2016)**

Background

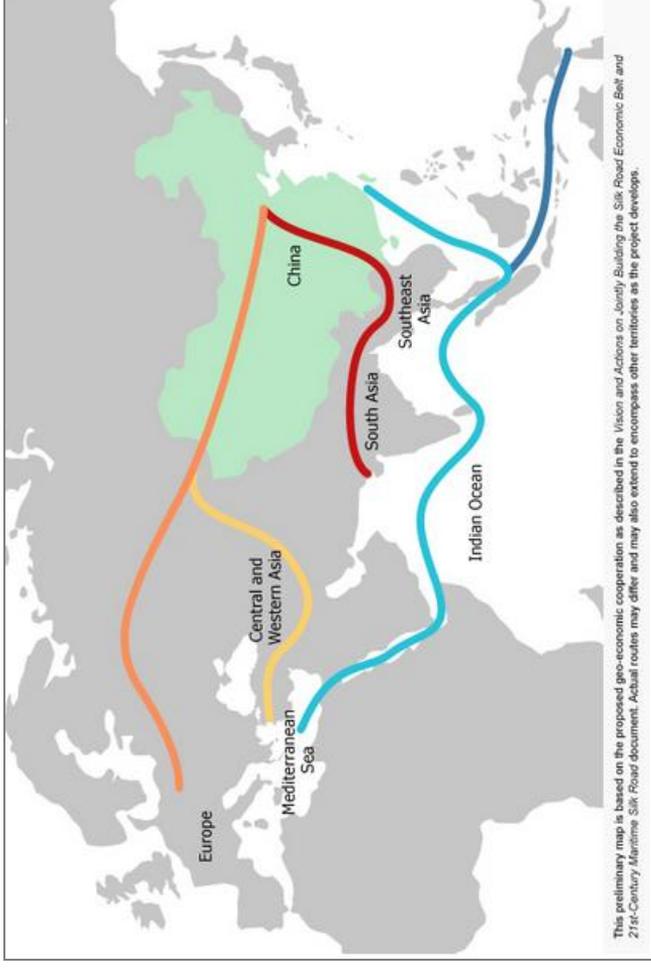

- Markham was invited by Hong Kong Trade Development Council to participate in the “Belt and Road” Summit and Side Programs in Hong Kong and Shenzhen from May 16 to 20.
- On April 19, Council approved that the City of Markham be represented by one Senior Business Development Officer (Sandra Tam) and Regional Councillor Jim Jones.
- By participating in the Summit and the Side Programs, Markham gains the benefits of building international business relations, which may lead to increased investment and trade opportunities for Markham.
- It also addresses the objective of building Global Markham and Branded Markham.

About “Belt and Road”

The Silk Road Economic Belt and 21st Century Maritime Silk Road –
Five routes to connect Asia, Europe and Africa

The Belt and Road Initiative

- China's Belt and Road Initiative is designed to enhance the orderly free-flow of economic factors and the efficient allocation of resources by expanding business cooperation between East and West, from Asia to Europe via Southeast Asia, South Asia, Central Asia, West Asia and the Middle East.
- The "Belt" and "Road" refer to the Silk Road Economic Belt and the 21st Century Maritime Silk Road, respectively.
- The Initiative offers companies unparalleled opportunities to tap into new markets and explore the tremendous potential of the Chinese mainland, ASEAN countries and many other economies along the Belt and Road.

Summary of Meetings

May 17 Visit to “Sustainable City Development – Rail plus Property Model”

About Hong Kong’s “Rail plus Property Model” :

- The Foundation of Hong Kong’s city development.
- MTR Corporation Ltd. granted land development rights alongside railway alignments to build integrated communities incorporating residences, offices, shops, schools, green spaces and other public facilities above the MTR stations.
- A successful and sustainable metro development model as the cost of building new railways is offset by the profits generated from property sales.
- Today, MTR is exporting its “Rail plus Property” expertise to other cities undergoing rapid urbanization.

Maritime Square – MTR Tsing Yi Station
- 46,000 sq.ft, 152 shops
