## Discussion Paper 4: Site Specific Zoning By-law Amendments (cont'd)

### *Review Undertaken:*

- **Reviewed 2,798 zoning by-law amendments to the 46 parent zoning by-laws; most are site or area specific amendments and 25 are associated with city-wide zoning issues**
- **Reviewed case studies of five other jurisdictions (Toronto, Ottawa, Mississauga, Oakville, and Hamilton)**

## Discussion Paper 4: Site Specific Zoning By-law Amendments (cont'd)

### Issues:

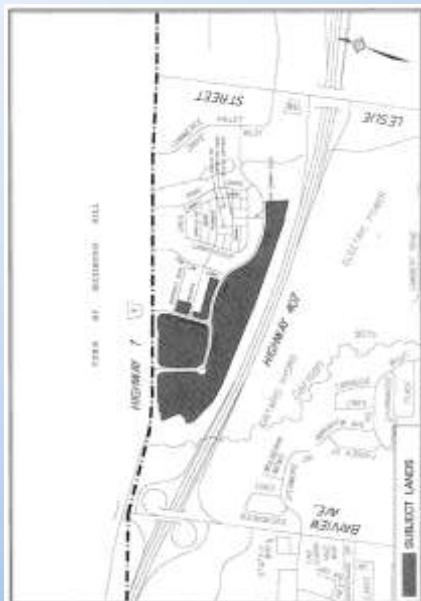

- **Site specific by-laws vary-- some only allow an additional use on a site; others “shrink-wrap” zoning regulations to a particular development; others introduce a new zone or definition**
- **The styles/approaches of site specific by-laws have not been consistent**
- **How to recognize relevant site specific by-laws in the new zoning by-law.**
- **How to deal with non conforming/complying uses**

## Discussion Paper 4: Site Specific Zoning By-law Amendments (cont'd)

### *Options and Considerations:*

- *Review site specific by-laws to determine which ones should continue to be included in the new zoning by-law*
- *Simplify how site specific zoning by-law are written and formatted--make relationship to parent by-law regulations easily understood and easy to find*
- *Consider grandfathering provision for existing buildings and structures*

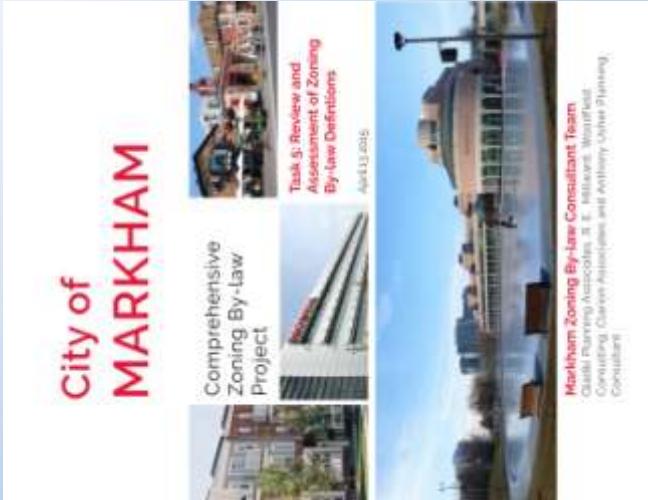

## Discussion Paper 5: Zoning By-law Definitions

### Purpose:

*To review and analyze the various definitions used in each of the existing parent by-laws to identify issues to be addressed in the new zoning by-law*

The image shows the cover of the 'Discussion Paper 5: Zoning By-law Definitions'. The cover features a blue header with the title in white. Below the title is a photograph of a modern building with large glass windows. The main body of the cover has a light blue background with several smaller photographs of buildings and landscapes. Text on the cover includes 'Comprehensive Zoning By-law Project', 'Task 5: Review and Assessment of Zoning By-Law Definitions', and 'April 13, 2015'. At the bottom right, there is a small photo of a bridge over water and the text 'Markham Zoning By-law Consultant Team' followed by the names of the consulting firms: 'Gauthier Planning Associates Inc.', 'Balacon', 'Wilmot Hall Consulting', 'Civitas Professional and Advisory Services', and 'Hartling Corporation'.

- *Reviewed hundreds of definitions in 46 parent zoning by-laws and numerous site specific by-laws*
- *A comparison was made with similar defined terms in other municipal by-laws*

- *Some defined terms apply only on site specific basis*

## Discussion Paper 5: Zoning By-law Definitions (cont'd)

### Options and Considerations:

- *Terms that need defining should be brought forward in a consistent fashion*
