Subject: an application

Dear Mrs. Carolina Moretti:

How are you!

I just bought a new house in Markham, and will moving in at Feb 2011. It is a new house so I went to the Planning Department of the City of Markham and checked the street number of my house. Unfortunately, I just knew that the street number of my house is **14** (fourteen). The meaning in my culture of number **14** is SHOULD BE DIE (I am Chinese). I was shock and feeling so sad to hear this bad news. I really really really want to change this bad number. If not, I would feel uncomfortable after I moved into this house. And then, I paid all of my money to buy this house so it is very very important to me. Besides, I knew that many Chinese people will move into this neighborhood later. They also don't like the number **4** even any number have **4**. So I suggest that to remove all of the Number about **4** in this street. It is a very short street

Dear Madam Councilor, please give me a help to change my bad number. I would be really really appreciated about that. The below are my house's information and personal information. Please feel free to contact me. Thank you so much.

Name: Fanny Shu xia Yuan

Address: Fitzroy Avenue. Markham. (16th Ave and Bur Oak Ave)

Lot number: 40L being part of lot 16 and/or 17 and/or 18, concession 7.

My truly

Fanny
