To whom it may concern:

On behalf of Markham taxi brokers and Markham Taxi licensed operators/ drivers. This letter is to urge the City of Markham licensing official to put a stop or penalize UBER operation and the other illegal taxi operators in Markham. For a long time now UBERS and other unorthodox operations in Markham has broken the law and regulation abiding taxi operators by losing revenue to an operation that doesn't require licensing or have to follow regulation. We kindly ask the City of Markham licensing to involve the by law officers and Markham York regional police to finally put a stop to UBERS and the rest of non-taxi drivers operating in the City of Markham.

Consider this letter as a petition to kindly ask the City of Markham's by law enforcement and Markham York regional police to stop all the illegal taxi operations.

Also the Markham Taxi licensed operators would like to revise some of the demands and obligations set by the town in order to renew our taxi license.

- 1) Refreshment course
 - -drivers should attend the course if they have less than 5 years' experience as a taxi operator
- 2) Kindly stop the yearly increase of taxi license and plate renewal fees
- 3) We are kindly asking to have a direct line in the Taxi licensing department to communicate with the by law enforcement officers.
 - Kindly will ask for all the issues above to be placed on your next councilors agenda coming up on September 21 2015
