Dear Mr. Wu,

On behalf of the Canadian General Standards Board (CGSB), I am pleased to inform you that The Corporation of the Town of Markham has been successful in meeting the requirements of Ontario's Drinking Water Quality Management Standard to the satisfaction of the CGSB Accreditation Program for Operating Authorities. This notification is to inform you that we are formally awarding you a Full Scope – Entire accreditation.

This is a substantial accomplishment, and one that should make your employees, your management team and your community proud. By achieving accreditation, you have demonstrated that you have an operational and effective drinking water quality management system. You also demonstrate leadership in an area affecting the lives of many people.

On behalf of the CGSB, please accept my most sincere congratulations. If you have not already received your certificate(s) and related materials, they will be sent to you shortly. In addition, we will add your system(s) to the list that we maintain and display on our Web site of Accredited Operating Authorities.

We look forward to working in partnership with you in the future.

Yours sincerely,

Carole Beauchamp
Manager, Conformity Assessment Division
