June 13/2007.

For the June 18th - 2007 Monday Meeting.
in The Canada Room, 9:00 AM Town of
Markham General Committee meeting.
Non-Essential use of Pesticides
Provisions.

I
Under I'm Brief By saying: The implementation
of a By-law, that for many Municipal
Elections, not an issue of campaigning
debate, nor an Election promises.
at Mayoral, Regional and some wards
Boundary in the Town of Markham
during Municipal Election time
pass and present, by Councillors, in
having that interest now.

II
Does There For the May 23rd 2007, Public
information meeting for the public
input to say that the percentage for
that meeting town wide was very
low in support of the provisions.

III
Yes To copy a By-law, from others
Municipality, as an opinion
give not a creation for the organize
by entering this program of the non-
essential use of pesticides enforcement
for the town of Markham. As value
sale issues for the idea of credibility
commercial needs, in considering health risk at
large.

Sincerely,

The sexy Food
Farmer. in Connection

MARKHAM

RECEIVED
June 13/2007

Town of Markham
General Committee Meeting
Non-Essential Use of Pesticides

Date: Monday, June 18, 2007
Time: Meeting will commence at 9:00 a.m.
Place: Canada Room, Town of Markham
101 Town Centre Boulevard
Markham, Ontario

On May 23rd, 2007, a Public Information Meeting was held to obtain public input on a draft by-law regulating the non-essential use of pesticides in the Town of Markham. On June 18, 2007, Markham General Committee will consider a report on the public meeting and implementation of a by-law.

Visit the Town website at www.markham.ca to view a copy of the draft by-law and the staff report, or call the Contact Centre at 905-477-5530 to obtain a copy.

If you wish to appear as a delegation at the meeting please contact Blair Labelle at 905-477-7000, extension 3695. If you have questions regarding this matter, please contact Mavis Urquhart, Manager, Environmental Leadership at 905-415-7502.

Dear Councillor

I am a registered nurse and resident of Markham. I urge you to support the strongest by-law possible to eliminate the non-essential use of pesticides on public and private property.

We have had a pesticide free lawn for years now, there is absolutely NO need for pesticides, Our children dogs and neighbours can enjoy nature without ingesting poisons. I feel it is the very least we can do for each other, it is our responsibility! As a health professional, I am concerned about the needless risk to human health posed by pesticides, and in particular, I am concerned about the risk to children, who are more vulnerable to pesticides and other toxins. I am very pleased that Markham Council is dealing with this serious issue, and look forward to living in a safer and healthier Markham after a strong pesticide by-law is implemented.

Sincerely, Laila Avenus

RN
