### Distinguished Budget Presentation Award

The GFOA Distinguished Budget Presentation Award encourages governments to prepare and issue budget documents of the highest quality, which allows our residents to be fully informed of the City's policies, corporate initiatives and financial plans. As well, a comprehensive budget document budget fosters better decision making and enhanced accountability.

GFOA presented the Distinguished Budget Presentation Award to the City for the annual budget for the fiscal year beginning January 1, 2014 which is the highest form of recognition in governmental budgeting. This award recognizes that the budget document met the nationally recognized guidelines for effective budget presentation and the City's commitment to meet the highest principles of municipal government budgeting.

The budget document was reviewed and rated by independent reviewers based on 27 pre-established criteria to assess the effectiveness of the document as a financial plan, a policy document, an operations guide and a communications device.

### Canadian Award for Excellence in Financial Reporting

The City received the Canadian Award for Excellence in Financial Reporting for the annual financial report for the year ended December 31, 2013 in recognition for excellence in governmental accounting and financial reporting.

This award represents a significant accomplishment by a municipal government and its management. It also signifies that the City delivered a comprehensive financial report that demonstrated full transparency and disclosure over and above the minimum requirements of generally accepted accounting principles, as set by the Public Sector Accounting Board (PSAB) of the Canadian Institute of Chartered Accountants.

The annual report was reviewed by selected members of the GFOA professional staff and a review committee, which comprises of individuals with expertise in Canadian public-sector financial reporting and includes financial statement preparers, independent auditors, academics, and other finance professionals.

In 2011, the City of Markham became the first municipality in Canada to integrate sustainability reporting into its annual report, using the Global Reporting Initiative (GRI) Framework. This enabled us to measure, understand and communicate our performance in four areas – economic, environmental, social and governance.

The City and the Financial Planning and Reporting departments have received certificates of recognition in meeting the nationally recognized guidelines.
