

Children Changing the Course of the Future

What is Future Possibilities?

Future Possibilities™ is a registered, charitable organization that delivers leadership and life skills education programs to children at no cost to them or their families. Since 2001, more than 600 southern Ontario children and adults have directly benefited from our unique programs.

Through our flagship *"Ready, Set, Goal!"* program, children ages 8-12 are carefully matched with dedicated, trained volunteer KidCoaches™ who inspire, guide and support their child in the fulfillment of a "Goal of Contribution". Through weekly one-to-one telephone coaching sessions, four full-day, Activity Workshops and a gala graduation event, Future Possibilities children are challenged to think boldly, communicate powerfully, lead courageously, live joyfully and achieve confidently.

Graduates of the Future Possibilities' *Ready, Set Goal!* program are encouraged to continue to utilize the skills they have developed by joining our KidCouncil and/or by serving in leadership roles in their schools and communities. KidCouncil members serve as program leaders, ambassadors and assistants to the Kids, KidCoaches and program organizers.
