We respect the dignity of each person as reflected in the diversities of sex, religion, culture, race, colour, national origin and personality. We endeavour to provide opportunities which will enable young parents to reach their full potential in the areas of social, emotional, intellectual, physical and spiritual growth. We believe that when individuals receive support from a caring, loving community, they can recognize their goodness and ultimately use their strengths for their own benefit and that of their children. Our philosophy is based on Catholic values and traditions.
