Comment Sheet

Class Environmental Assessment Milne Dam Conservation Area Multi-Use Pathway – Pedestrian Bridges

Public input and comment regarding this project are invited and will be received until Friday March 13, 2009. All comments received will be incorporated into the planning and design of this project and may be included, without names, in the final project documentation.

Subject to comments received and the receipt of necessary approvals, the Town of Markham intends to proceed with the detailed design and construction of this project in 2009.

Please find attached, a petition (461 signatures) to stop any development in Milne Conservation. The undersigned want no construction and no new pathway in the conservation. The cover sheet indicates what was shown to all signers. The undersigned did not sign only because of damage to trees, in whatever amount.

Please leave the conservation alone. The pathway is not needed.

Please include your name, address and telephone number on your comment sheet and leave the sheet in the box provided. Comment sheets may also be forwarded to the Town or the project consultant at the addresses listed below.

Maureen Cowan
4400 15th Ave

905-471-0363

Should you require any additional information about this project, please contact:

Markham, Ontario L3R 9W3
Phone: 905-477-7000 ext 4000
e-mail: lemele@markham.ca

We the undersigned:

- Do Not want a Multi Use Pathway added to Milne Conservation
- Do Not want any trees cut down
- Do Not want any area paved over

We want to preserve and protect the jewel in Markham's crown Milne Conservation & Dam.

A definition of Conservation:

- a careful preservation and protection of something
especially : planned management of a natural resource
- to prevent exploitation, destruction, or neglect
- the preservation of a physical quantity during transformations or reactions
