To Whom It May Concern:

We, the residents of Finchley Circle in Markham have a major problem on the street's trees owned by the city. The vast majority of the trees on the street are infested with caterpillar nests, filled with caterpillars crawling all over the trees eating the leaves and ultimately killing them. The caterpillars are crawling everywhere, from our mailbox to our front doors. We are losing our patience with the lack of response from the Town of Markham to fix this situation. This has been an ongoing problem on our street for the past 3-5 years and each year it gets worse, and the City has done nothing about this problem. This is a call to action for the Town of Markham to rectify the problem in a timely manner. Below is a list of residents on Finchley Circle who agree with the above statement and wish to have this problem resolved:

| <u>Name</u>         | <u>Address</u>           | <u>Phone #</u> |
|---------------------|--------------------------|----------------|
| TILAK SALUJA        | 27, Finchley Circle      | 905-477-9487   |
| MANU KSHATRI        | 21 FINCHLEY CIRCLE       | 905-475-2745   |
