ATTN: CLERK DEPT

Dear Sir,

It has come to my concern that the Monarch builder homes with single driveway is modifying into double driveways.

The problem is that everyone has started to do this because the Municipal government is not stepping in to stop this. My concern is that this will bring down the value of those double driveway homes that are also paying more in property taxes.

I hope the Municipal government would take action right away to stop this problem. The area concern is Joseph Glover Ave.

Sincerely,

*Kel*
