

## Waterworks MANAGEMENT REVIEW MEETING MINUTES

April 23, 2012, 2:00 pm – 4:00 pm

In attendance: Andy Taylor, Brenda Librecz, Peter Loukes, Peter Solymos, Ernie Ting, Shu Min Gao, Yurong Duan, Daphne Ross, Dupé Odessanya,  
Minutes: Brianna Gabbard

Item No.	Description/Discussion	Action Items
1.	<b>Review Status of Action Items</b>	<b>Closed action items:</b> <ul style="list-style-type: none"><li>■ Fire fighting activities and impact on water distribution- training completed</li><li>■ Risk Assessment process will be reported on in the fall</li><li>■ 2011 Emergency response testing – complete</li><li>■ Operational Plan was updated and endorsed by Council in December 2011</li><li>■ No record of staff suggestions for the reporting period (Jul 1 – Dec 31/11), methods to improve have been implemented and will report back in the fall</li><li>■ Re-chlorination - action item from 2009 - previously closed</li></ul> <b>Action items still open:</b> <ul style="list-style-type: none"><li>■ Establish VW SLA's with stakeholders- 2 completed - 2 to be done + added Fire (hydrants) in 2012</li><li>■ Implement a standard review process for watermain breaks- part of the critical pipe analysis which will indicate where we need to address concerns in the system</li><li>■ Re-visit Jennings Gate on the Incident of Adverse Drinking Water Tests-HPC elevation level, working through possible causes. Currently testing upstream and downstream to see if there is possibly a problem with the test locations</li></ul>
2.	<b>System Performance Summary</b>	Incidents of regulatory noncompliance <ul style="list-style-type: none"><li>■ No incidents of regulatory noncompliance cited for reporting period (Jul 1 to Dec 31/11)</li></ul> Incidents of adverse drinking water tests <ul style="list-style-type: none"><li>■ Total of 8 adverse quality incidences (3 from new developments-due to development phasing-flushing program in effect to compensate for the incidences)</li></ul>
3.	<b>Operational Performance</b>	<ul style="list-style-type: none"><li>■ Work order completion rate 96% (4% not completed have no risk factors)</li><li>■ the non completed section is due to work orders that were created because they over lapped other work orders</li></ul>

## Waterworks

### “Attachment B”

Item No.	Description/Discussion	Action Items
		<ul style="list-style-type: none"><li>■ due to performance improvements and standards previously set, work in progress and restoration work (streamlining)</li></ul>
4. <u>Performance levels and trends</u>	<u>Work Orders:</u>	<ul style="list-style-type: none"><li>■ Response time, performance time, and open to close time tracked regularly. Detailed specifics allow for accurate trending</li><li>■ Dashboard up date - we are working towards making the application live. Currently it is updated every quarter.</li><li>■ Information aids in continuous improvements, service level reviews, inquiries and bench marking</li></ul>
	<u>Watermain break history tracking:</u>	<ul style="list-style-type: none"><li>■ Last year we had 37 – less breaks historically, but some were very expensive</li><li>■ Need to look at possibly categorizing the breaks into small, medium and large</li><li>■ Currently working with a consultant on a critical pipe analysis looking at two aspects; consequences of failure versus the probability of failure. Thinking about where we anticipate failures. Data will be combined to aid in our preventative maintenance we need to do in the future and capital allocation and budgeting. Mapping of this information can be maintained by our staff in the future. To be brought forward to ELT once complete.</li></ul>
5. <u>Internal and third party audits</u>	Internal audits	<ul style="list-style-type: none"><li>■ we had 2 minor non conformances which have been addressed and closed, and 15 opportunities for improvement all addressed and closed</li></ul>
	Third party mock audit	<ul style="list-style-type: none"><li>■ we received 2 opportunities for improvement which have been addresses and closed</li></ul>
	Third party auditors currently being revised	<ul style="list-style-type: none"><li>■ Canadian General Standards Board (CGSB) no longer the auditing body.</li><li>■ We are waiting to hear who will be taking over the responsibility</li><li>■ August 14<sup>th</sup> 2012 DWQMS accreditation renewal, waiting to hear if we will get an extension</li></ul>
6. <u>Consumer feedback</u>		<ul style="list-style-type: none"><li>■ We now do telephone survey's which are included with the door hanger survey's</li><li>■ Door hangers (2 types), emergencies and preventative maintenance will be tracked in 2013 for data review. This year we are rolling out to all services we provide</li></ul>

## Waterworks

### “Attachment B”

Item No.	Description/Discussion	Action Items
		<ul style="list-style-type: none"><li>▪ Increase responses regarding telephone survey. Consider having a staff member stay late/after hours and improve our responses if we call at a later time. Or possibly hire an outside agency.</li><li>▪ Fall 2012 we will have increased data.</li><li>▪ Need to look at possibly grouping data by season to improve the trending data</li></ul>
7. <u>Results of Infrastructure Review</u>		<ul style="list-style-type: none"><li>▪ Lifecycle reserve study review- completed and adjustments made and new assets added to the system</li><li>▪ Water and waste water capital budget plan aligned with lifecycle reserve study funding. Deficiencies needs to be validated and combined with risk assessment- critical pipe analysis can aid in the understanding of this.</li><li>▪ 5 year renewal plan- on schedule</li><li>▪ Reviewed projects completed and scheduled</li></ul>
8. <u>Review Resources Needed to Maintain the QMS</u>		<p>Backflow prevention</p> <ul style="list-style-type: none"><li>▪ Phase 1 completed (856 properties)</li><li>▪ Phase 2 to start in 2012 (900 properties)</li><li>▪ Phase 3 will be the remain properties</li><li>▪ 3 year program aimed at unknown hazard properties,</li></ul> <p>Service Planning</p> <ul style="list-style-type: none"><li>▪ Long term purpose is to establish an annual program to review services.</li><li>▪ EAM/Hansen upgrade</li><li>▪ Considerable work involved in migrating Hansen with EAM, waterworks was to be a part of EAM's phase 2</li></ul> <p>PIPES group</p> <ul style="list-style-type: none"><li>▪ Centre of excellence initiative to combine storm and sanitary sewer maintenance</li><li>▪ Part of the Service Planning project work for the fall</li></ul> <p>Other</p> <ul style="list-style-type: none"><li>▪ Resources not needed for 2013, however current projects underway may require resource needs in future years</li><li>▪ Region water audit is at RFP stage</li><li>▪ Anti-tampering fire hydrant device doesn't stop one from stealing the water but tells us when someone is tampering. 2013 going forward with a bulk water station new location in the east end. In hopes to reduce the need for someone to hook up to a fire hydrant</li></ul>
