I am emailing to urge you to please protect the Bruce-Berczy Ecological Corridor and prevent this important passage for wildlife to be developed. The continual urbanization of Markham has been devastating for wildlife. Without these corridors, there will be no where for the animals to go and an increased risk for human-wildlife conflict. These corridors connect core habitats and support the long term survival and sustainability of plant diversity and wildlife by allowing the passage of animal species for feeding, breeding and migration. Environmental and wildlife protection is extremely important to me and I strongly urge the City of Markham to do the right thing and protect these corridors from development.

Sincerely,
Sherman

To: Kitteringham, Kimberley; Mayor & Councillors; Alexander, Christopher

Subject: Supporting By-Law Amendments for the Animal Protection and Services By-Law

Dear Markham Council,

I'm writing to you as a resident of Markham to support the by-law amendments for the Animal Protection and Services By-Law. I strongly think there needs to be stronger protection of domestic and wildlife animals and that there should be a prohibition of animals for sales in stores. I have come across a few stores that sell animals including puppies and kittens which is very upsetting given that there are thousands of animals waiting for homes in shelters. There should be no place in our municipality in supporting backyard breeders or puppy or kitten mills which we know are highly inhumane. I think this new by-law is progressive and it will really help Markham stand out as being a leader. I strongly support this bylaw and all the amendments within.

Thank you for your time.

Warmly,

DR. JULIE CHAN

FW: Animal Services and Protection ByLaws

From: Sook-Yee Chan <
Sent: Monday, June 25, 2018 7:25 AM
To: Mayor & Councillors; Kitteringham, Kimberley
Subject: Animal Services and Protection ByLaws

Dear Mayor and Councillors,

I am a long time resident of Thornhill Markham at 91 Kings College Rd. I am aware that amendments have been made to the Animal Protection ByLaws and you will be voting on it this week.

I would like you to know that I am 100% in support of these amendments and I am truly hoping they will pass through. It will ban the sale of animals from puppy and kitten mills, where backyard breeders only breed animals for profit, with no regard for their health and living conditions. There are no need for these mills to continue to breed and sell sickly animals when there are so many homeless and rescue animals in Markham. There are also a lot of reputable rescues in Markham who would provide proper vet care and shelter, as well as properly screen potential candidates through an adoption process just like the Adoption Centre does, in the Thornhill Community Centre.

Please support these new important changes, and ban animal sales like Toronto and Richmond Hill did. This matter will greatly influence my vote in upcoming elections, as well as that of many of my friends, family and colleagues.

Yours truly,
Dr. Sook-Yee Chan, DDS

FW: Support for Animal Protection and Services By-Law

From: Rhiannon Lane**Sent:** Monday, June 25, 2018 9:42 AM**To:** Mayor & Councillors, Kitteringham, Kimberley >; Alexander, Christopher <**Subject:** Support for Animal Protection and Services By-Law

Dear Markham Council,

I am writing to express my support for the new proposed Markham Animal Services Bylaw. As our city grows it is more important than ever to have a document that accurately addresses the challenges that face our intentions to live harmoniously with wildlife. As the city expands into more habitats these policies will help ensure that the citizens of Markham and the animals and habitats within are able to coexist.

It is also important that our relationships with domestic animals are addressed which is why I am so happy to see updated policies regarding dogs and the TNR program.

I hope that you will pass the bylaw tomorrow and am confident that the bylaw will continue to guide the work of the city in being progressive and thoughtful when it comes to living with animals.

Kind regards
Rhiannon

FW: I support the Markham Animal Services and Protection Bylaw update

From: Janette Lee [**Sent:** Monday, June 25, 2018 9:32 AM**To:** Kitteringham, Kimberley <Mayor & Councillors < Alexander, Christopher <**Subject:** I support the Markham Animal Services and Protection Bylaw update

Dear Mayor, City Clerk, and Councillors,

I'm writing in regards to the Animal Protection and Services By-law that is on the agenda for tomorrow's council meeting. There was a situation a few months ago where a pet store in Markham kept in deplorable conditions. The Teddy Club located on 7220 Kennedy Road had puppies and kittens kept in small spaces, overheating under hot bright lights with no water. People standing in front of the display cases could feel the heat radiating off of the glass boxes. There was no bedding or any kind of stimulation for them. The animals look dehydrated and paced along the glass due to stress and discomfort. All of this had been captured on video. It was obvious that these animals were sourced from puppy mills and cat mills.

I am outraged that Markham does not have a better bylaw to protect animals, allowing businesses like this to exist. I am also deeply concerned that the sale of animals is still allowed in Markham. Richmond Hill and Toronto have already banned the sale, choosing to support animal rescue groups and adoptions instead. As a resident of Markham, I'm disappointed to see that we don't already have a ban in place.

As I understand, the current by-law was written in 2005 – that's 13 years without an update! I strongly urge you to make amendments to the bylaw to stop all sales of live animals, except through reputable rescue groups, and on other areas to provide stronger protection of animals, for both domesticated animals and wildlife.

Thank you for your time.

Sincerely,
Janette Lee

Subject: Support The Markham Animal Service and Protection Bylaw

Dear Mayor of City of Markham and all Councillors,

We are asking that you as our chosen Mayor to support the Markham Animal Services and Protection Bylaw updated. Please vote on Tuesday for their support to ban the sale of pets in pet stores. It is so important to shut down all pet stores not sourcing animals from reputable rescue organizations in the area.

Pet stores should instead be working with Animal shelters to take unwanted and unfortunate animals that are at risk of euthanasia. Pet stores rather to help these innocent animals and find a forever home and at the same time promote adoption not selling and buying life. These animals are unfortunate enough to be in shelters not at their fault but fault of human.

As my mayor of town who had my vote please vote to support Animal Services and Protection Bylaw and at the same time create more peace and deserved life to our animals and pets.

Agenda meeting: <http://www2.markham.ca/markham/ccbs/indexfile/html/council/agenda/cl180626.htm>

Subject: Please support the Animal Protection Bylaw update and the licensing of pet stores

Hello Mayor Scarpitti and Councillors,

My name is Margaret Woo and I have been a resident of Markham for 40 years. It is my understanding that a couple of the discussion items at the council meeting tomorrow are the Animal Services and Protection Bylaw and licensing of pet stores in Markham. I would like to ask for your support on the proposed changes. The current inadequate version needs to be updated and the inhumane living condition of cats and dogs at pet stores need to be stopped!

The proposed changes, such as - new definition of terms, recognition of the Trap Neuter Return program, strengthening the list of prohibited animals, stricter rules around the proper care of animals, reducing the number of animals sourced from puppy mills and providing opportunities to shelters and rescue groups to re-home their animals – are ALL excellent ideas and should be supported without questions. I would like to see that my city is one that is progressive and with the times.

Gandhi have said “The greatness of a nation can be judged by the way its animals are treated”. I would like to see that Markham treats animals in our city with proper care and respect.

Please support updating the bylaw for animal protection and the licensing of pet stores!

Thank you,

Margaret Woo

Subject: Please support the Markham Animal Services and Protection Bylaw update

Dear Mayor Scarpitti and Councillors,

I am writing to urge you to vote yes to the suggested amendments on the Animal Protection Bylaw. I feel very strongly that the current bylaw is not enough and long overdue for a review and update. I have read the proposed updates in detail and I feel that the suggestions are all very reasonable. I also want to urge you to prevent situations like the one with Teddy Club from happening again. It was very upsetting to see. I was appalled by what I learned and sad to see that this place exists in Markham, and it even made the news. This is not the Markham I know. There should be stricter rules around how pet stores are operated and the conditions in which they keep the animals, and pet stores should only source animals from reputable rescues.

I hope you will put your full support behind this.

Dear Mayor Scarpitti and all Councillors,

I am contacting you regarding the Markham Animal Services and Protection Bylaw update – please show your support for the new bylaw.

I want to see Markham as a city that not only cares about its people but also for animals as well, domesticated and wildlife included. Many of my friends and family have pets and consider them as part of the family. We want to see better treatments and protection for animals, and for laws to be put into place for pet stores to work with rescue groups only. There are too many animals being euthanized in shelters. We don't need more purchases from puppy mills. Sourcing animals from rescue groups is the only way to go.

I know they are all concerned about this issue and will be paying close attention. We hope that you will do the right thing and vote to support the passing of the new bylaw.

Thank you,

Cynthia Lee

Subject: Please support the Markham Animal Services and Protection Bylaw update

To Mayor Scarpitti and all Councillors,

I am writing in regards to the Animal Protection Bylaw and for the ban of live animal sales at pet store. I am surprised to learn that the ban is not yet in place, even though many other cities - Toronto, Mississauga, Oshawa, Kitchener-Waterloo and our neighboring town, Richmond Hill have had this ban since 2011. Markham is lagging 7 years behind! What are we waiting for?

At the meeting tomorrow, I hope you will all vote to support the bylaw updates and the ban, while demanding that animals must be sourced from rescue groups. As a long time resident of Markham, I want to see continual improvement and progression of the city, and this includes updating this outdated bylaw.

I appreciate your time.

Thank you,

Rosita Chan

June 18, 2018

To Municipal Clerk,

The Ontario SPCA is launching the **2018 No Hot Pets campaign on June 21st** with the goal to educate the public on the dangers of leaving pets unattended in vehicles during the summer months and we are requesting your municipality's support.

"I left the window down for him" "I wasn't going to be gone long" We've heard it all! The issue of owners leaving their pets in their vehicles during the hot summer months, putting animals' safety at risk and even causing death, is a serious and ongoing problem across Ontario. There is **NO** excuse for leaving a pet unattended in a vehicle!

The Ontario SPCA has less than 75 officers on the road, to patrol the whole province. Due to our limited resources, we simply cannot respond to every single call and rely heavily on police and animal control to help respond to the 1000+ calls we receive every summer about dogs in cars. When we don't have an officer nearby or the call comes in after hours, it is dispatched to the local police in that area. If municipalities have an Animals in Vehicles by-law in place, their animal control officers can step in when the Ontario SPCA or police are not available to educate or lay charges under the by-law and potentially save a life.

Below is an excellent example of a by-law we are respectfully asking you to bring forth to your City Council to have passed. This would make a HUGE difference in the lives of pets in your community.

Animals in Vehicles

1.(1) No person shall leave an animal unattended in a motor vehicle unless: (230-14)

a) The animal is restrained in a manner that prevents contact between the animal and any member of the public; and

b) The animal has suitable ventilation.

2) Notwithstanding subsection 1.(1) of this By-law, no person shall leave an animal unattended in a motor vehicle if the weather conditions are not suitable for the animal to remain free from distress or injury.

3) Notwithstanding subsection 1.(1) of this By-law, no person shall transport an animal outside the passenger compartment of any motor vehicle unless the animal is contained in a kennel or similar device that provides adequate ventilation, adequate space, protects the animal from the elements and is securely fastened in such a manner to prevent distress or injury to the animal.

For more information on the No Ho Pets campaign, visit nohotpets.ca.

Please let us know if you can count on your municipality's involvement by emailing **nohotpets@ospca.on.ca**.

Thank you for your support.

Sincerely,

Connie Mallory
Chief Inspector
Ontario SPCA
